84th Year--No. 19

Hondo, Medina County, Texas 78861, Thursday, May 13, 1971

18 Pages in Two Sections--(C)

\$145,000 motel to be built

Hondo will have a new \$145,000 motel at the intersection of US 90 and 173.

Plans for the new facility were discussed in public for

the first time Tuesday night at the regular city council meeting.

Art Forman, a spokesman for Hondo Lodge, Inc., asked

councilmen to approve extension of the city limits to the motel site, and to extend city utilities.

The council indicated it

would.

Forman said the 20 unit L shaped motel would be built on 4 and a half acres on the southwest corner of the inter-

section.

It will be of brick veneer construction, "...first class all the way..." and will have a small cafe for serving breakfasts, and a large swimming pool.

Forman told councilmen the closed corporation building the motel consists of 20 individuals.

"They're all young men," he said. He added that 15 are from Hondo. Of the remain-

ing five, four are from Medina County and one is from Bexar County.

Both Mayor George Brucks, and Councilman Ralph Hauger disqualified themselves from taking part in the discussions since both are Hondo Lodge stockholders.

Mayor Pro Tem Andrew Patterson presided.

Elmer Faseler, city water superintendent, estimated material costs to the city of ex-

tending water and sewer lines to the area at approximately \$15,000.

Councilmen agreed to charge Hondo Lodge \$5000 of the total, with John Poerner to pay \$5,000. Poerner is developing a mobile home area adjacent to US 90, and the utilities will also serve that project.

Poerner's development was annexed to the city limits by the council at its April meet-

ing.

The balance of the materials cost will be collected from other businesses along the utility line route.

Hauger said construction would be completed in 90 days after ground is broken.

"We're ready to go," Forman told the council. "Our financing is available, and all we need to start is a decision from you (the council)."

Auction tops moneymakers

Museum Day raises \$3000

"It looks like right now that Museum Day 1971 will net in the neighborhood of \$3,000," Doug Bohmfalk, finance chairman for the big event, reported Monday night at a Museum meeting.

"And that ain't hay for an event that covers only one day," chimed in Burnis Lawrence, general chairman of Museum Day.

Bohmfalk's report showed the various events made the following amounts with the exception of a few bills yet to be paid:

Purple Petticoat, \$105.67; Chicken Barbecue, \$306.98; Country Store, \$335.69; Historical Sketches, \$118.50; Antique Auction, \$833.70 (with about \$70 yet to come in); Baseball Dunk, \$40.50; Fat Pigs, \$321.10; Donations, \$15.00; Cold Drinks (depot), \$47.48.

Artist Show and Sale, \$93.80; Decoupages, \$28.00; Fortune Teller, \$8.20; Historical Plates, \$497.50; Hot Dogs, \$55.68; Fishpond, \$24.47; Sidewalk Cafe, \$84.05; Po-

ny Rides, \$33.20; Ice Cream, \$23.20; Membership, \$16.00; Games Party, \$268.85.

Some comments were made on needing more interest among the population and Chairman Lawrence answered: "I believe that a net of approximately \$3,000 shows we had fine interest."

Board members voted to contact several local merchants to see if they will place the historical plates and sketches in their places of business and sell them for the Museum. Once they are cleared, these businesses will be named.

Lawrence announced that the Anvil Herald will be happy to sell the items as well as the book, "Ripples of Medina Lake."

In official board action, a nominating committee comprised of Mary Ruth Cameron, Laura Wentz and Sally Brucks was appointed to name nominees to fill board vacancies left open by the expiration of terms of John Wentz, Doug Bohmfalk, Tony Mendoza and Gladys Lindeburg. The Board also appointed Nora Winkler to fill the unexpired term of Joe Briscoe of Devine, who resigned.

This committee will present four names to the Board and the new directors will be elected by the general membership in an open meeting. Once the new members are elected, Directors will hold a re-organizational meeting and elect officers for the coming year.

In presenting the story of Museum Day 1971 Chairman Lawrence made the following four recommendations to the Board for its study in planning Museum Day 1972:

1. Approve the first Saturday in May as permanent

Electrical tracings on spring sky

Thunderstorms prowled the skies in northern Medina County Monday night, lacing billowing clouds with lightning. Mother Nature's electrical display was recorded north of Hondo on the Bandera

Highway in the vicinity of the rest area. Both photos were made with a Rolleiflex camera with tri-X film at f3.5 on time exposures of two to five minutes to catch multiple lighting flashes.

SPARKS

"Forge thy tongue on an anvil of truth, and what flies up, though it be but a spark, shall have weight." --Pindar

By Burnis K. Lawrence
Publisher

A NICE SOUVENIR

One day last week I returned to the office from a round of talking with someone and found a gold railroad spike on my desk. Across one side was printed: "Museum Day 1971."

On checking I found Mr. and Mrs. Walter Haass had bought the spikes at the Museum and decided to paint one and give it to me as a paperweight souvenir of the fine event.

I thank them and assure them I will use it extensively.

BOOKS FOR SALE

Yancey Russell of Natalia arranged for the book "Ripples from Medina Lake," written by Fr. Cyril M. Kuehne to be on sale Museum Day. Somehow I dropped the ball and they were put out quite late, therefore few sold.

These books are now available at the Anvil Herald. Sale price is the usual \$4.00 each with \$1.00 going to the Medina County Museum courtesy of Fr. Kuehne.

VOTE ON TUESDAY

Tuesday is the big day for the day to vote on the four amendments and the local option election on liquor by the drink.

★ Please turn to page 2

Amendments, liquor call voters to polls Tuesday

Medina County voters go to the polls Tuesday to decide the fate of four proposed constitutional amendments. In addition, voters in 13 of the county's 18 voting precincts, will also decide whether or not they want liquor by the drink.

Pros and cons of the amendments are discussed in Sparks in today's Anvil Herald.

In calling the special liquor-by-the-drink election, the legislature exempted those counties where the enabling constitutional amend-

ment failed to carry last fall.

Thus, five of Medina County's voting precincts will not vote on the liquor-by-the-drink proposal.

Thus, five precincts are numbers 9 (Natalia), 10 (east Devine), 11 (northwest Devine), 12 (Yancey), and 19 (southwest Devine).

Polling places for Tuesday's election together with the election judges are:

1, NE Hondo, courthouse, Bruno Schweers; 2, Quilhi, school house, Mrs. L. J. Oefinger; 3, Dunlay, ODS Hall, Eric Haby; 5, Rio Medina, Spettie Bendele home, Clarence Wurzbach;

6, N Castroville, Legion hall, Melvin Jagge; 7, D'Hanis, firehouse, Clemens Finger; 8, S Castroville, Hermann Sons hall, Ward Boehme; 9, Natalia, Legion hall, C. M. Maney;

10, E Devine, Wilson Chevrolet, Melvin Rucker; 11, NW Devine, Devine Motors, M. W. Pressler; 12, Yancey, Methodist recreation hall, Milton Fohn;

14, Biry, school house, Mrs. Marvin Haas; 15, LaCoste, VFW hall, John C. Blediger; 16, SE Hondo, firehouse, V. H. Neumann; 17, NW Hondo, Ranch Store, Ferd

Rock, Jr.

19, SW Devine, JP office, George H. Briscoe; 20, Mico, Mico firehouse, Alton Seerkatz; 21, SW Hondo, Jake Schuehle Ford, Edgar Stiegler.

Gary payroll zooms

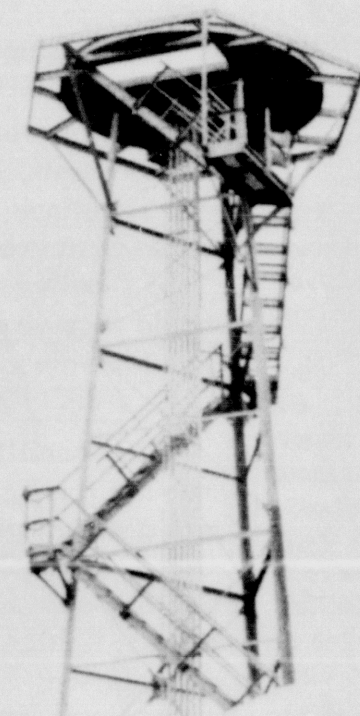

Gary Aircraft's Hondo payroll is projected to double its current \$1,203,000 annually in 1972.

Mayor George Brucks told city councilmen Tuesday night the figure was given to him by a Gary executive.

In 1970, Brucks said, Gary's annual payroll was \$1,200,000.

"With their expansion and new contract, they expect this year's payroll to be \$1,700,000," Brucks said the local firm anticipates its 1972 payroll will be \$2,500,000.

The city has recently completed repairs and renovations to the airfield property leased by Gary.

Super golf ball

The giant golfer who ended up with this lie needed a whale of a chip shot to get the ball out of a trap. His approach shot went astray, and the ball ended up next to a building on the air base. The "ball" is a large fiberglass sphere that was later hoisted

atop the weather radar tower in the background to cover a revolving radar disc. A portion of a crane used to lift the antenna dish and the fiber glass cover to the top of the tower appears to stick out of the "ball" at the right.

Letters to the editor

Concerned students sound off at H.H.S.

Dear Sir:

We, the students of Hondo High School wish to say something that we have felt on our years in school. Instead of tears of sadness on graduation night, we will shed tears of happiness on being able to leave HHS behind. It will be sad to leave each other, but not our teachers and this school system.

We have had many great memories and have learned all that there is to know concerning books, but the freedom of expression and the want to be able to take an active part in the high school surrounding us have been denied. Just once we would like to be able to put one of our ideas into action, but we know from experience that this would be impossible.

Not only are many of the students unhappy, but many of the teachers are also. I wish to give just a few things of importance that this school does not have:

1. No Student Council
2. No Pep Squad
3. Only Three Sports: Football, Basketball, Baseball. (Hondo is the only school in the district to have as few sports as this. Other schools in the district have tennis, swimming, golf, track, and many more.)
4. A very limited curriculum.

These are only a few of the major complaints about this school. We have put these problems before the school before in the form of a petition, but were only ridiculed in our small form of protest. It was the last time the students heard of this petition even though 80% of the student body signed it.

All we wish to say is that we think it is time for someone to stand up for the students in HHS.

CONCERNED STUDENTS
(Name withheld on request)

Dear Museum Board,

To each member of the Board I wish to express my sincere appreciation for the honor and courtesy shown me in the presentation of the beautiful souvenir plate. Thirty-seven of my 42 years with the Southern Pacific were spent in Hondo and the depot was always my second home. The picture on the plate will bring back many memories of those years.

Your efforts in building a museum out of the old depot will be rewarded by the interest shown by our own people and by our visitors and will be a lasting contribution for the future.

Thank you for remembering me in this special way. Good luck and best wishes,
Sincerely,
R. F. Pfeil

Bruce T. Foster
Republican County
Chairman

Editor, Anvil Herald
Dear Sir,

On behalf of the Texas Manufacturers Association (TMA), I would like to take this opportunity to express our appreciation to you for your outstanding coverage your newspaper gave the annual observance of Texas Industrial Week during 1971.

We appreciated the many fine articles your newspaper carried, such as "Industrial Salute", which appeared in your April 1 issue.

Support of the annual observance of Texas Industrial Week by members of the working press in our great state is a vital necessity to the success of this event. Once again, I thank you for your continued support of this annual TMA event which promotes the betterment of the business climate in Texas.

Yours sincerely,
Charles A. Costello, Sr.
Director of Communications

Dear Mr. Lawrence:

The pay raise ethics amendment No. 1 to be voted on by Medina County citizens is the Texas Legislature's response to the stock scandal. Here are several interesting points to consider:

1. The provisions for financial declaration are too limited. Senators would file only once every four years and there is no provision for what happens if a legislator refuses to file. But there are specific provisions for laws to penalize anyone (other than legislators) who discloses to the public any financial statement. And the amendment allows the legislators to enact these laws.

2. The price for the ethics commission is that of the voters losing the right to set the salary of the legislators and gives the "pay raise" right to the commission and legislators acting together. (We might notice that legislators in Illinois have raised their salaries from \$12,000 to \$18,000 when recently given the authority to do so). That is a high price for "ethics".

3. The Legislature does not have to accept anything (disclosures that the Commission suggests) as the Legislature has final authority on Commission recommendations.

4. The amendment would put the Supreme Court and Court of Criminal Appeals directly into politics at its lowest level. Putting a politician who depends on votes for existence in charge of the ethics of political figures is like putting the fox in charge of the henhouse.

More about . . .

These questions are vital to the State and every citizen should assume the responsibility of casting a ballot in the election.

Who can vote? Every person who has registered can vote in this election.

There is only one amendment I am against and that is Number 1 -- "The amendment to create a State Ethics Commission to set rules of ethics for members of the Legislature, State officers and Legislative officers, to investigate violations thereof, and to recommend compensation for members of the Legislature and the Lt. Gov. and recommend improvements and economy in the legislative process."

We do not need this amendment in its present form. It does not restrict actions of legislators and State officers as much as we need, and it allows the commission to set salaries.

Supporters of the amendment say the legislature can have no influence over members of the commission. I cannot believe this, for even in an indirect way legislators can have influence over almost everything.

I am not against legislators receiving higher salaries, but I don't think they will agree with the restrictions I would want to place on them once this salary was granted.

I would have them hold sessions every year and be on duty for the people of the state 365 days a year. They would hold no outside positions, represent no outside clients, and if they did they would be dismissed from the legislature.

Harsh? Not if you provide them with a salary high enough to prevent them from having to do the other jobs.

There is no way in my mind that a legislator can represent a client, large or small, as an attorney public relations, publicity, or any capacity and still, when a piece of legislation comes up affecting that client, be fully responsible to the people of the state.

So I would hope that Amendment No. 1 goes down in defeat.

AMENDMENT NO. 2

"The constitutional amendment providing that the legislature may propose an amendment to the Constitution at any session of the Legislature."

The helping factor in this amendment is the present "patch-work" constitution we have. It needs many improvements, deletions and changes. Sometimes they need to be made sooner than every two years.

So I believe this amendment should receive an affirmative nod from the voters.

AMENDMENT NO. 3

"The constitutional amendment removing the limitation on the total State appropriations for assistance grants to the needy aged, the needy disabled, and the needy blind, and setting a limitation on total State appropriations during any fiscal year for assistance grants for needy dependent children and the caretakers of such children."

The Coordinating Committee Texas Citizens FOR Welfare Reform recommends the passage of this amendment.

Hondo Chamber explains new "sell Hondo" effort

Dear Merchant,

For the benefit of all merchants in Hondo, the Hondo Chamber of Commerce has contracted with Radio Station KRME for a one-year "Trade in Hondo" radio program. The distance reached by Station KRME covers the Hondo trade area and this promotional campaign is intended to increase trading in Hondo.

The program, beginning May 10, 1971 and ending May 9, 1972, will consist of 156 spot announcements over the 12-month period or three announcements a week. Some

will be in Spanish as well as in English.

This program is the result of discussions at a Retail Merchants Committee meeting on April 29. At that meeting, methods were being explored as to how business could be improved. This type of promotion being new to Hondo, was considered to be a worthwhile effort but an equitable method of payment was a difficulty.

The matter was brought before the Directors of the Chamber of Commerce at their regular monthly meet-

And I would have to agree with their thinking which includes this statement: "Amendment 3 if approved by the voters on May 18 will leave allocations to the Texas needy aged, blind, and disabled to the State Legislature, but limit grants to Aid to Families with Dependent Children to a total of \$55 million. The present ceiling on grants to Texas' needy is \$80 million for all categories. No other state in the nation has such a ceiling detailed in its constitution. Nor does any other department in Texas government have such a limitation. Until this correction is made, costly referendums will be necessary from time to time just to permit our legislature to carry out their responsibility."

"With this amendment approved, Texas Citizens FOR Welfare Reform--representing major church, civic, business, labor and non-sectarian organizations in Texas--pledge a continuing coordinated campaign for the basic welfare reforms so necessary and desirable by recipients and taxpayers alike."

A look at the January figures on welfare will prove beyond a doubt that the need is there for us to pass this amendment: the average monthly payment in these categories--Old Age Assistance, \$62.58; Aid to the Blind, \$79.38; Aid to the Disabled, \$67.15; AFDC Families (not individuals mind you), \$117.82.

In a summary of its findings the Senate Interim Committee said that "the myth that welfare recipients could go to work if they would has been pretty well exploded." It found:

That 88.3 percent of Texas welfare recipients are (1) to old -- 46.4 percent are over 65--(2) too young-- 36.5 are under 18--(3) too handicapped physically or mentally -- 5.4 percent--to work more than they are working.

That 4.8 percent are working, and that 0.9 percent are specialized cases--such as an under-65 grandmother caring for a child.

That 94 percent of the total recipient population can thus be accounted for, and that if all the remaining under-65 and over-18-year-olds went to work, only 6 percent of the total recipient population would be involved. And of this 6 percent one-third would be between 45 and 65 with virtually no skills and little education, one-third would be physically or mentally unsuited to work-training, and one-third could profit from work-training if day care, transportation and medical assistance were also provided."

I feel this presents a compassionate case in favor of Amendment No. 3 and I sincerely hope for the welfare of the state and all those who are in need that Texans approve it Tuesday.

AMENDMENT NO. 4

"The constitutional amendment to authorize the issuance of One Hundred Million Dollars (\$100,000,000) bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes, providing for the improvement and continuance of the

water resources program, and establishing an interest ceiling on Water Development Bonds at 6% per annum."

What will this Amendment do?--The amendment would authorize the sale by the state of \$100 million in general obligation bonds for self-liquidating program with the specific purpose of construction public sewage treatment facilities. In this way, payment for sewage treatment facilities may be paid over the extended life of the plant with no rise in state taxes. This removes the need for large state appropriations.

"Bonds would be issued at an interest rate not to exceed 6 percent. This rate would make the bonds marketable, and enhance the success of the program without a large state appropriation at considerable cost to the taxpayers."

"Approval would allow the state to utilize a possible \$200 million in federal funds which would be brought back to Texas for the project. It is estimated that this activity in behalf of sewage treatment facilities for cleaner rivers, streams and lakes would benefit Texas workers economically with \$300 million in jobs. If the amendment does not pass it will mean a potential loss of millions of dollars to the state, as well as the loss of tremendous incentives to update our sewage treatment facilities."

"It means that instead of paying 67 percent of the costs of treatment facilities, local governments' share would drop to 45 percent, 25 percent of which will come from a low interest loan from the state."

Here in Hondo we will need a new sewage treatment facility in the not too distant future. We can certainly see how this amendment would benefit us--and multiply that by many communities over the state and I believe the voters will say "Yes" here.

LOCAL OPTION ELECTION

This, of course, is for or against the legal sale of mixed beverages in Medina County.

Last fall voters of this county approved the amendment eliminating the constitutional restrictions to open saloons in Texas. That vote gives me hope that this local option election will pass.

I feel that we have tolerated antiquated liquor laws in our state for too many years. I do not believe the sale of mixed beverages will mean any more drunks in our state. And I believe that it will increase our (in Texas) tourist and convention business, therefore providing a boost to the collection of taxes.

So I would hope that again the people of Medina County come out in favor of this local option question.

Poerner's reply

Last week this column carried a brief note on Rep. John Poerner's vote on H.B. 427 and how some supporters were disappointed that he cast a negative vote after he had committed to vote for the bill.

I am happy to see the Representative reads this column, for he has mailed me the following letter explaining, or perhaps in defense of his vote:

Dear Burnis:

I read with interest your article entitled "Politics Can Be Strange" in your Sparks column of the May 6 issue. As usual, I want to congratulate you for keeping the people informed on my service to the public and, believe it or not, I appreciate you bringing House Bill 427 and my vote against its passage, to light.

I have always believed in the free enterprise system and I have always taken people at their word in assuming that they "know what they are talking about". In the case of House Bill 427 (better known as chiropractors versus Blue Shield Insurance) I

made a commitment, by letter to Doctors Vincent, Ponish and English that, based on the information they had given me, I would support their legislation. Unusual facts were unveiled during the debate on these measures and I felt obligated to represent the District as a whole rather than to represent a special interest group. I will always do this while I am in government and I think this is the way the majority of the people want me to perform. I can only say that I do it with a clear conscience and I probably do it with pride. When all the smoke and all the clamor has cleared and faded, one must live with his or her own conscience and I do not recall casting a vote in the Texas Legislature that I could not defend as being in the best interest of all the people.

In my letter to Dr. Everett B. Vincent on May 3, 1971, I wish to quote:

"I hope that you have not taken my vote against H.B. 427 as a complete personal matter. The legislative process is very peculiar and, if you should study it personally, you would notice Members of the Legislature must make their final decision after the Floor debate has been completed. Many issues are brought forth in Floor debate that are not brought out by correspondence or contained in the bill itself. For this reason, I would guess Legislators should never make a firm commitment on any issue until all the facts are laid out. I find myself learning, more and more, toward 'probable vote' rather than a definite commitment. I think this is the way the people of my district would want me to stand, just like a judge should never make a commitment in a court until he has heard all the evidence. It is pretty hard to separate the parallel."

"H.B. 427 sought to require all sickness and accident insurance policies issued in the State of Texas to pay all 'practitioners of the healing arts' regardless of the intent of the insurance company or of the purchaser of the insurance."

"I do not consider this legislation to be in the public interest for many reasons, the most compelling of which would include the fact that the enactment of this Bill will inevitably lead to the rise in health and accident insurance premium rates in this state for all purchasers of such insurance, regardless of whether or not they choose to use chiropractors instead of medical doctors or doctors of osteopathy. Testimony before the Public Health Committee of both the House and Senate indicated that the inclusion of chiropractic in every accident and sickness insurance policy would raise the premium substantially. In fact, the Social Security Administration estimated that the inclusion of chiropractic in Medicare would have raised the cost of that program to the taxpayer by sixty million dollars (\$60,000,000.00) in 1969 alone. Other estimates as to the cost of insurance in Texas vary up to a 40% increase in premium rates. Since only a small percentage of people go to chiropractors, it seems inconceivable to me that such legislation could be in the best interest of the majority of the people I serve."

Please feel free to inform your readers that I will be most happy to discuss House Bill 427 with any of them privately or publicly and I might extend this invitation to any other issue on which I have voted in this Session of the Legislature of the previous Session.

With best regards, I am
Sincerely,
John H. Poerner

There you have it for this week. And after digesting all this material I leave you with this advice: "If your hot pants get too warm, cool them off with your panty hose."

Lions to hear AF Reserve story from Col. Willis

The story of the Air Force Reserve and how it serves as a strategic back up force to the regular Air Force will be heard by Hondo Lions Club members Wednesday, May 19.

Col. William A. Willis, Commander of the 433rd Military Airlift Wing at Kelly, will tell the story of the wing, its three groups and the Air Force Reserve.

Hondoans have long been familiar with the famed Alamo Wing. For over the past years Hondo Airbase has serv-

ed as the drop zone for the famous C-119 Flying Boxcars as crews of the 922nd Tactical Airlift Group made troop and cargo drops.

Members of the sister 921st Military Airlift Group hopped around the world in the giant C-124 Globemaster hauling troops and equipment to Southeast Asia and other areas. Only recently the Wing gained the 512th MAG in Fort Worth.

Now the two Kelly groups have converted to the more modern C-130B Hercules aircraft that has proved to be the

workhorse of the Vietnam War.

Col. Willis, who has served in the Reserve program for years following an active tour in the Air Force during World War II, assumed command of the 433rd last June. Prior to his present assignment he flew the C-141 aircraft in the Air Force Reserve associate program.

He is a native of South Carolina and holds a degree in civil engineering.

Several Hondo and Medina County residents serve the Reserve program as members of the 433rd Wing.

Col. William Willis

While officers search

Castroville woman plunges from bridge

The body of Mrs. Cleofa C. Vargas, 49, of Castroville was found Monday morning in the Medina River at the US 90 bridge in Castroville.

Civil Defense divers from San Antonio found the body at 1:20 a.m., according to the Medina County Sheriff's office.

Chief Deputy Floyd Williams said Mrs. Vargas had

been reported missing by her family Sunday evening.

Alvin Santleben, LaCoste constable, and Castroville policeman Frank Hayes began looking for Mrs. Vargas. Williams said the two had been told the woman was seen walking toward the bridge.

The two officers, Williams said, went to the bridge, and

searched underneath for the missing woman about 9:45 p.m. While they were looking, they heard a splash, and then saw what appeared to be part of a hand emerge briefly above the water.

Santleben said he and Hayes knew a person had hit the water on the opposite side of the river from them, but they didn't know it was Mrs. Vargas.

The constable said at least six persons went into the water in an unsuccessful attempt to locate the victim.

"We just couldn't rescue her," Santleben said.

Castroville firemen were called to the scene, and used boats and ropes in an attempt to locate the body. When they were unsuccessful, skin divers were called.

Justice of the Peace Dan Ruemple of Castroville, ruled the death a suicide.

City agreed to extend water line east on 18th

Residents in northeast Hondo face the prospect of better waters service following a de-

cision by the city council Tuesday night.

Councilmen agreed to ex-

tend the city water system to Mummie's at FM 689 from Ave. G. Six-inch water mains will be used for the entire distance, and the extension is expected to provide more volume for city water customers in northeast Hondo.

Extension of the line was discussed at last month's council meeting.

Albert Rowlett, speaking for Mummie's, asked the city to extend the line from Ave. G to the city limits at Ave. B. From there, Mummie's would hook on with a four-inch main, and pay for materials and installation.

Councilmen discussed laying six-inch pipe instead of four-inch to provide fire protection and other benefits, with the city paying the difference between costs of the four and six-inch water mains. However, no definite decision was made.

Prior to Tuesday's meeting, councilmen discussed the matter at a special session, and decided on a different plan.

Rowlett appeared Tuesday night and read a prepared statement which was highly critical of the council and its action. He said the new council proposal would cost Mummie's twice as much as the original proposal.

Mayor George Brucks pointed out advantages to the city and urged councilmen to consider the plan discussed at last month's council meeting, and the council agreed.

Six-inch pipe will be laid to Mummie's, with the local business paying the city the cost of four-inch pipe from the city limits eastward.

Hiway 90 reunion slated

The stage is set for the second Highway 90 League baseball players reunion highlighted by a golf tournament here Saturday, May 15, morning and a barbecue and dance in Castroville's Koenig Park Saturday evening.

Golf activity will begin on Hondo's Municipal course at 8

a.m. There will be a 9-hole and 18-hole tournament as well as competition by the Calloway system.

Refreshments will be served in the clubhouse following the tournament. Prizes will be awarded following the barbecue in Castroville later in the evening.

The barbecue will begin at 6 p.m. and the dance at 8:30 p.m. The Midnight Cowboys will provide the music.

A special program featuring an hour of reminiscing and story telling will be held following the meal. An "Old Fibbers Contest" will also be staged with awards presented for the best Highway 90 League-related yarns.

Eligible to attend the barbecue are former players, team officials, umpires, guests and their wives. A special invitation is extended to widows of players who participated in the league before and after World War II. The dance is open to the general public.

A nominal charge will be made for the barbecue and the dance to defray expenses.

Forger sought

A stolen BankAmericard has been used by a forger in Hondo, and a warrant has been issued for Donald Ross Ryan.

Medina County Chief Deputy Sheriff Floyd Williams said a card stolen from a Del Rio man was used at Western Auto in Hondo recently. Ryan

is charged with the offense. Williams said the card belongs to William M. Ashing of Del Rio.

Ryan, whom Williams said has a record of using stolen credit cards, is described as 50 years old, 6' tall, blue eyes, reddish hair and slender build.

Museum Day.

2. Appoint a Museum Day Chairman now so he or she can begin appointing sub-committees to study suggestions for expansion of the event and report back at a later date to the Board.

3. Schedule Antique Auction to begin at 1 p.m. at depot and let events at the Armory start at about 3:30 or 4 p.m. and continue until 7:30 or 8 p.m. (this would allow many persons who work until 5 p.m. or later the opportunity

to visit the event after getting off work.)

4. Authorize four or five persons who know antiques to buy good bargains throughout the year so that the auction can continue to offer some excellent articles.

No action was taken on the recommendations Monday night.

The Board authorized President Wentz to proceed with repair work on the depot including hail proof screen for windows.

VFW delegates to meet here

Delegates to the VFW District 11 meeting will gather in Hondo Sunday as guests of the members of Medina VFW Post 3591.

Focal point for the gathering will be the Hondo Firehouse with Comrade R. F. Waldrop, State Department Service Officer, delivering the main address.

Delegates will represent VFW posts from LaCoste, Uvalde, Del Rio, Eagle Pass, and Pearsall.

Registration and hospitalities will lead the schedule beginning at 9:30 a.m. Sunday and will be followed by an open meeting from 11 until 12 noon. At this time Waldrop will give his talk and from 12 to 1:30 p.m. delegates will enjoy some of that "tasty and famous Hondo cooking."

cellaneous shower-tea Sunday, April 25, at the home of Mrs. Thomas Finger of D'Hanis.

Receiving the 125 guests along with Miss Fohn were Mrs. Finger; Mrs. Herman Fohn, the honoree's mother; Mrs. Andrew Schneider, the groom's mother; and Mrs. Henry Poerner, the honoree's grandmother.

The serving table was covered with a lace tablecloth centered with an arrangement of spring flowers and coral tapers. Alternating in serving were the honoree's sister, Miss Madelyn Fohn; cousin, Miss Jane Finger and Misses Dorothy Bendele and Debbie Weynand.

The tiered cake was baked and decorated by Miss Fohn's aunt, Mrs. Joe Finger, of San Antonio. The top layer resembled a spring bouquet.

Presiding at the bride's book were nieces of the honoree, Miss Marcia Bendele and Jodye Anne Sowa.

Hostesses for the afternoon included: Mmes. Calvin Bendele, Kenneth Bendele, Fritz Bendele, Craig Bell, Walter Burrell, Joel Curtis, Wilfred

Fohn, Nick Fohn, Thomas Finger, Melvin Finger, Thomas Grimsinger, J. D. Huesser and Stella Ney.

Also, Mmes. John Ney, Maurice Nester, Oscar Nester, John Poerner, Mervin Poerner, Howard Rothe, Joe Rothe, John Schoellman, Joe Sowa and Lloyd Tschirhart.

Also, Mmes. Joe Zinsmeyer, Robert Zuberbuehler, Jack Zinsmeyer, John Tondre, Joe Mueller, Russell Attaway, Marion Schneider, Francis Bohl, and Irvin Bendele.

Also, Mmes. Matt Koch Sr., Louis Lutz, Roy Long, Joe Finger, Raymond Finger, Julius Schmidt, Alma Zerr, Otis Burrell, Fred Breiten, Pete Bond and Lawrence Carle.

Also, Mmes. Bernice Finger, Jerome Finger, Lawrence Hiser, Ben Hodges, Pat Little, David McGraw, Pat McGraw and Charles Rieber.

Also, Mmes. Carl Riegel, Louis Richter, Dan Nester, Lawrence Weynand and Joe J. Rieber.

Also, Misses Dorothy Bendele, Susan Rothe, Cathy Zinsmeyer, Marcine Bendele, Madelyn Fohn, Arlene Bendele, Carmen Langfeld, Ziena Marshall, Betty Rieber, Martha Rothe, Judy Huesser, Elaine Huser, Barbara Attaway and Debbie Weynand.

PERSONAL SHOWER
Miss Fohn was honored with a personal shower April 4 at the home of Mrs. Lawrence Carle.

Hostesses for the afternoon were Misses Sandy Carle, Debbie Weynand, Dorothy Bendele, Molly Finger and Mmes. Jim Ruby and Carl Riegel, Jr.

Dunlay 4-H news

Dunlay 4-H Club met at Herman Sons Hall Dunlay, for its regular meeting on May 8 with Glenn Bragg present.

The meeting was opened by Richard Muennink with the motto and pledge. Games were by Garland and Randy Niethenhofer and refreshments were furnished by Jeff Parsons and Richard Muennink.

The club decided to make a tour of the Courthouse and jail on June 2 at 9:30 p. m. They will have a picnic and weiner roast afterwards. The next meeting will be on Sept. 13 at 7:30 p. m.

Richard Muennink, reporter

Mr. and Mrs. Wesley Breiten

Wedding vows said at Baptist church

Patsy Elaine Oorbeek became the bride of Wesley Allen Breiten on May 1, 1971, at the First Baptist Church of Hondo. Rev. James Reid performed the single ring ceremony. Organist Mrs. William Bain, provided wedding music.

Parents of the couple are Mr. and Mrs. Wesley F. Breiten of Hondo and Mr. John Grable and Mrs. Joanne Grable of Los Angeles, Calif. The bride was given in marriage by her uncle, Harold Lutz, the bride chose a formal-length gown

of blue crepe and chiffon and carried a bouquet of yellow daisies surrounded by white daisies.

Miss Donna Breiten, sister of the groom, was maid of honor in a formal-length gown of yellow voile accented with yellow ribbons.

A reception honoring the couple was held immediately following the ceremony. Sixty guests attended.

The newlyweds are at home in Hondo following a wedding trip to New Orleans and Houston.

Young Homemakers to honor FHA seniors

The Hondo Chapter of Young Homemakers will honor senior FHA girls with a lawn party at the home of Mrs. William Reus, 1204 Oak Lane, on May 13 at 4 p. m.

Games and refreshments are planned.

On May 18, the Young Homemakers will have a reg-

ular meeting at the high school audio-visual room at 8 p. m.

The program on "Beauty Inside Your Home" will be presented by Mrs. Joanne Hokekamp of San Antonio.

Interested women are invited to attend this meeting, according to President Dorothy Yanta.

Co-hostesses for the regular meeting are Mrs. Evelyn Dittmar and Mrs. Shirley Foster.

Cheryl Grell complimented

Miss Cheryl Grell, bride-elect of Ronald E. Wilcut of San Antonio, was complimented with a miscellaneous shower-tea Saturday, May 8, at St. Paul Lutheran Church Annex.

Receiving guests with Miss Grell were her mother, Mrs. Lillian Grell; the groom's mother, Mrs. Hallie M. Gafford of San Antonio; godmother, Mrs. Herbert Moehring; and grandmothers, Mrs. E. H. Moehring and Mrs. Minnie Grell.

The honoree was attired in

a light blue dress complimented with a corsage of yellow carnations.

Alternating in serving were Miss Dorothy Moehring, Mrs. Monty Herring, Miss Pam Riff and Miss Janet Johnson.

Presiding at the bride's book in which the guests registered, was Miss Margaret Riff.

Hostesses for the afternoon included Mmes. Lana Watson, Ralph Jones, Jr., Edgar Saathoff, Louis Grell, R. E. Bohmfalk, Emma Balzen, Alfred Boehle, Duane Baker.

Franklin Muennink, Nic Riff, Harold Stiegler and Herbert Moehring.

Also, Mmes. Harold Moehring, Ray Hickey, Walter Saathoff, Alfred Schlenz, Roy Bollen, Christian Niethenhofer, Elmer Niethenhofer, Clarence Haass, Jim Jenkins, and Alvin Bader.

Also, Mmes. Wesley Moehring, L. J. Leimweber, Harold Hartman, Clyde Johnson, Miss Dorothy Moehring and Miss Pam Riff.

The bride's gift from the hostesses was a Club aluminum cookware set.

Piano students to audition

Mrs. R. A. Rodgers will take 18 of her piano pupils to San Antonio on May 14 to play in the National Piano Playing Auditions.

Altar Society meets May 19

St. John's Altar Society will hold its first night meeting of the year on Wednesday, May 19. Mrs. James Tschirhart, president of the organization, announces that the meeting will take place in the Parish Hall and will begin immediately after the Wednesday evening church services.

Hostesses for the occasion are Mrs. Robert Koch, Mrs. Harry Baby, Mrs. Clyde Johnson, Mrs. Ralph Jones, and Mrs. George A. Koch.

Playing in the following divisions are: District (6 pieces) - Andy Aelvoet, Vicky Gilliam, Rebecca Gonzales, Pete Jacob, Melanie Muennink, Kay Wentz, Don Wilcox and Susan Witte.

National (10 pieces) - Julie Anderson, Bonita Leonard,

Patricia Picture, Fred Pittman and Ann Tschirhart.

Social (12 pieces) - Susan Bippert, Mary Alice Dubberly, Linda Baby, Tony Hackebell, and August Rothe.

Pins and certificates are the awards.

Mrs. Kathie Fillinger honored at family fete

The Fillinger family had a reunion honoring their mother, Mrs. Kathie Fillinger, on Sunday at Mr. and Mrs. Edwin Wolff's place at D'Hanis.

There were 50 children, grandchildren and great-grandchildren from San Antonio and Castroville present.

The day was spent visiting.

THE HONDO ANVIL HERALD

Natalia & Chacon Lake

by Mrs. I.W. Thompson

Mr. and Mrs. Domingo Martinez and children, Amelia, Domingo Jr., George, Anna Maria, Mollie and Rudy, motored to Mathis Saturday for the day with her uncle and aunt, Mr. and Mrs. Ben Olivares. They returned to Mathis on Monday to attend the funeral of Mrs. Martinez's grandmother, Mrs. Elena M. Olivares, who died May 1 in Sinton.

Mr. and Mrs. Leslie Tidball and children, William, Susan, Cheryl and Edwina, had as Sunday guests, Mrs. Tidball's parents, the Bill Eckerts of Alice, and her sister and family, Mr. and Mrs. Windell Coursey, Rodney and Windell Jr., from Junction.

Mr. and Mrs. Raymon Chacon and their granddaughter, Ida Chacon, made a trip to Mathis Saturday to visit in the home of her brother and sister-in-law, Mr. and Mrs. Ben Olivares. They remained to attend the funeral on Monday of her mother, Mrs. Elena M. Olivares, 85.

Mrs. W. R. Ethel Wilcke left Friday to return to her home in Wichita Falls after having visited two weeks with her sister and brother-in-law, Mr. and Mrs. Robert W. Roundtree. The Roundtrees' granddaughter, Mrs. Ernest Barker, and son, Ernest Jr., from Irving who had been visiting in SA with her in-laws, Mr. and

Mrs. Chester Barker, came out Friday for the week. Mrs. Mary Saunders from SA came out Saturday for the weekend. The Roundtrees' daughter and son-in-law, the Frank Flueges, also from SA, and their grandson Kelly Barker, from Irving came out Sunday for the day. Kelly enjoyed the week with his grandparents, Mr. and Mrs. Chester Barker.

Mr. and Mrs. Santana Lopez and children, David, Abel and Dora from Olustee, Okla., arrived Sunday and visited until Tuesday with her sister and family, the Domingo Martinezes.

Mr. and Mrs. E. J. DeVoe and Mr. and Mrs. Ross Wilkenson of SA spent Sunday afternoon with Mrs. DeVoe's mother, Mrs. Della Williamson, and her sister and brother-in-law, Mr. and Mrs. F. L. Graham.

Mrs. Erna Harbort and her daughter and son-in-law, Mr. and Mrs. Wilson T. Crofford of SA, spent Saturday with Mrs. Harbort's daughter and son-in-law, Mr. and Mrs. John T. Law. They also visited Mrs. Marilyn Hildebrandt and sons, Burton, Michael and David, in Devine. Mrs. Hildebrandt is the former Marilyn Law.

Mr. and Mrs. Wesley Lennox of SA spent Saturday afternoon with their parents, Mr. and Mrs. C. V. Kerr, and Mr.

and Mrs. Jim C. Lemons, Mr. Lemons is employed in Dallas and Mrs. Lemons, Ginger Tracy Lane and Jean Lynn, will join him there when school is out.

Mr. and Mrs. Wylie F. Gardner motored to Freer Sunday for the day with their daughter and family, Mr. and Mrs. Jim Pilgrim, Debara and Cheryl Christine. The Pilgrims are in the process of moving to Orange Grove where Mr. Pilgrim has employment.

Mrs. R. W. Crawford had as weekend guests her daughter and son-in-law, Mr. and Mrs. Edward G. Wheeler of Cleveland, Texas, her daughter and son-in-law, Mr. and Mrs. Roy A. Turner of SA, her grandson, Pvt. John T. Wheeler of Fort Sam Houston, joined them on Sunday. Mrs. Crawford left Monday to visit until Wednesday with her daughter and family, Patrolman and Mrs. Leonard Swan and Allen, at Schulenburg.

Mr. and Mrs. Newton Lee have as their houseguest, her mother - Mrs. Agnes Curtis - of Victoria. Her son, Alfred Curtis, who is serving in Beaville with the Navy, accompanied her on the trip.

Mr. and Mrs. Arlis Moses and Anna Sue of Austin spent the weekend with his mother, Mrs. O. C. Moses, and his brother, Grippie Hollis.

Mrs. John L. Kempf and her daughter, Mrs. Melton McMillan, made a trip to Pipe Creek on Tuesday for the day with Mrs. Kempf's sister and brother-in-law, Mr. and Mrs. Boyd Edwards. Her sisters, Mrs. J. T. Brammer and Mrs. J. W. Bradley, also of Pipe Creek, joined the foursome for lunch.

Mr. and Mrs. Gregg Chavira, Bobby and Ricky of Pearall spent Saturday with their parents, Mr. and Mrs. M. R. Saldana.

Mr. and Mrs. L. G. Pena, Louie and Don, Mr. and Mrs. Johnny Valdez, Mrs. Johnnie Velasquez and John, Mrs. Lupe Navarro and Arthur Navarro went to SA Saturday to attend a birthday party at the home of the Penas' daughter and son-in-law, Mr. and Mrs. Ambrosio Cuellar, given in honor of their baby, Carlos's, first birthday.

Mr. and Mrs. Albert J. Saldana and Ralph, Louie Pena and Arthur Navarro went to SA Sunday to attend the football game between the SA Toros and the Texarkana Patans. The score was 35 to 24 in favor of the Toros.

Mr. and Mrs. Roy E. Allison returned Friday after a 10-day vacation in Buckville, Arkansas visiting their daughter and son-in-law, Mr. and Mrs. E. L. Helmeamp. En route to Buckville they enjoyed visiting Mr. Allison's sister-in-law, Mrs. W. R. Allison and family at Groesbeck, and his sister and brother-in-law, Mr. and Mrs. O. L. Todd at Longview. They spent Thursday night in SA with their daughter and family, the Roy L. Williamsses. While in Buckville, the Allison's grandson and family, the F. J. Helmeamps, Tammy, Christie and Tracy, of Little Rock, Ark., joined them for a weekend.

Mrs. Michael Roy Behnsch

Behnsch-Muennink nuptials recited

Miss Beverly Yvonne Muennink became the bride of Michael Roy Behnsch in evening ceremonies performed by Rev. L. S. Dubberly at New Fountain United Methodist Church on April 24. Traditional wedding music was provided by soloist, Mrs. Royce Wagner, and organist, Mrs. Karen Bain. Baskets of coral gladiola and pale green spider mums decorated the church.

Parents of the couple are Mr. and Mrs. Jay E. Muennink of Hondo and Mr. and Mrs. Earl Behnsch of Harlingen. The bride attended the Hondo schools and is employed as a secretary in a San Antonio bank. The groom attended Harlandale School and is employed by the telephone company.

Given in marriage by her father the bride chose a Juliet style gown of Chantilly lace over silk organza with the overskirt extending into a chapel length train. Her fingertip veil was attached to a tiara of aurora borealis beads. For something old she wore a

ring that belonged to her maternal grandmother.

Sharon Walch of San Antonio was matron of honor; Debbie Knappick, also of San Antonio, was maid of honor; and Miss Wendy Porter of Hondo was bridesmaid. Miss Kathi Beard of Hondo, cousin of the bride, was flower girl. Attendants wore floor-length coral crepe gowns accented with brocade roses. Their headpieces were of coral silk organza and they carried baskets of coral gladiola and green gypsophila.

Jack Nabors of San Antonio served as groomsmen; Eddie Wagner and Michael Coffey, both of San Antonio, were best men, and Alan Muennink of Hondo and Alan Bryant of San Antonio were ushers.

Parents of the bride fed the couple with a reception immediately following the ceremony. Serving were Rita Muennink, Connie Saathoff, Ala Mae Boenisch and Patsy Wheeler.

A rehearsal supper, given by the parents of the groom, was held at Grant's on April 23.

New officers installed by Epsilon Sigma Alpha

Officers for the 1971-72 Epsilon Sigma Alpha year were installed by Iota Upsilon Chapter Tuesday, May 11, at the Club Room.

Those installed were Mrs. Hilmer Mueller, president;

Here in Hondo

Patsy, Stella and Billy Joe Mummie have been visiting their parents and family.

Patsy is in Houston at the Medical Center for a training session as a heart pump technician. After the 8-month training period she plans to return to Lubbock and resume nursing duties.

Scripture course starts June 1

A special course on the Old Testament will be conducted in Castroville during the month of June. Sister Martin Kysicki, O.L.V.M., of the Archdiocese CCD staff, will conduct the course.

Sessions will be held in St. Louis Parish Hall every day - Monday through Friday, from June 1 - June 11. Two sessions will be held each day, one from 9:30 a.m. to 11:30 a.m. and repeated from 7:30 - 9:30 p.m.

Sister Martin has been working for the past two years as Religious Education Co-ordinator for the Del Rio Deanery. She has wide experience in both Teacher-Training and Adult Education. She has done special graduate study and research in the Old Testament.

In making the announcement of this course from the CCD office this week, the Rev. Thomas McLaughlin, Director said "I know that it is very

difficult for many people from the rural areas to attend the religious education courses conducted in San Antonio during the summer. This is an attempt on our part to provide an opportunity for them closer to their homes. The course will serve as an excellent background for those engaged in the teaching apostolate and will be extremely helpful to anyone. We know that many people in the Castroville-Hondo area will respond to this opportunity."

Settlement news

by Mary and Wanda Schott

Visiting Mr. and Mrs. Elmer Biediger on Sunday were Mr. and Mrs. Philip Haby, Phyllis and Carrie Schuele, and Mr. and Mrs. Norman Digges.

Enjoying Mother's Day dinner with Mrs. Paul Schott on Sunday were Mr. and Mrs. Ray Horner, Mr. and Mrs. William Brieden, Danny Nelson and Mr. and Mrs. Calvin Schott and family.

Enjoying Mother's Day dinner together were Mr. and Mrs. George Masters, Patsy, Brenda and Dwayne, Mr. and Mrs. John Lawrence and Christi, Mr. and Mrs. John Tarvin, Johnny and Terri, Bill Bendele and Sidney Steubing.

Mrs. John Lawrence and Christi visited the Pat Masters on Tuesday.

The Calvin Schotts and Mary and Mr. and Mrs. William Brieden visited Mr. and Mrs. Fred Schneider on Saturday.

Mrs. Paul Schott visited Mrs. John Lawrence and Christi last week.

Mr. and Mrs. Ray Horner visited Mr. and Mrs. John Lawrence and Christi Sunday.

Mr. and Mrs. Douglas Caldwell, Natalia, visited Mrs. Annie Carle of Mico Sunday. Agnes Breiten spent Sunday afternoon with her sister and family, Mr. and Mrs.

Calvin Bendele of D'Hanis. Reports it sure looks green there. Must have been looking through green sun glasses.

Mr. and Mrs. R. A. Rodgers and Mr. and Mrs. Andrew Schweers spent a pleasant Tuesday evening with Johnnie and Lenora Schweers. A little practice wouldn't hurt girls. Yes Sir, "Your Honor."

Howard (the barber) Tschirhart of Castroville visited the Johnnie Schweerses Tuesday for a nice long country chat.

Mrs. Annie Carle, Mico, attended the funeral of Alfred Rath Monday and called on the Johnnie Schweerses in the evening.

Walter J. Fuos, SA, and Johnnie Schweers stopped in at the John Gross ranch Tuesday. They found there was no more rain there either.

Mrs. Paulina Mehr spent Wednesday afternoon with Lenora Schweers.

Johnnie and Lenora Schweers visited Mrs. Clara Moehring Wednesday.

Mrs. Annie Carle, Mico, visited Mr. and Mrs. Sterl Haby on Tuesday. Mr. Haby is doing fine after surgery in a SA hospital.

Mrs. Wesley Reitzer and son of San Juan were in Quilhi, Hondo and Dunlay last weekend. They called on the Robert Breiten Monday.

Johnnie and Lenora Schweers visited the Sam Tschirharts Friday.

Mr. and Mrs. Harry Bayliff, SA, entertained with a Mother's Day supper Sunday. Attending were Mr. and Mrs. Gay Johnson and children; Johnnie and Lenora Schweers. Later all had a short chat with "Grandma" Bayliff in N. Carolina, wishing her a Happy Mother's Day. She told us they had a good rain there Sunday.

News from D'Hanis

by Mary Belle Zerr

Mr. and Mrs. Ferdie Koch had as guests on Saturday Mr. and Mrs. Iris Foster of Kingsbury.

Mr. and Mrs. John Ney and children, Shelly and Vincent, spent the weekend in Austin as guests of Rep. and Mrs. John Poerner and family. While there, they attended Sunday Mass especially celebrated for the deaf at which time 'sign language' was used.

Friends of Mrs. Mattie Kimmerly are glad to hear that

she is recuperating satisfactorily at her Amarillo home following a stay in the hospital where she was under treatment due to injuries sustained in a fall.

Guests in the home of the Otis Burrells on Mother's Day honoring Mrs. Fred Huser were Mr. and Mrs. Hilary Huser and family, Mr. and Mrs. Herbert Huser, Herman Huser and Kevin, Mrs. Mary Jane Mayfield and Arthur Simrock. All of SA, Mr. and Mrs. Dennis Burrell of Hondo and the Lawrence Husers and Gerald Wolff,

SS lists 22 in county

Texas Local Board No. 48, Selective Service System, has listed the following Medina County 18-year-olds for this month:

From Hondo, Terry L. Teague, Dennis J. Neuman, Armando Nira, Ernesto Coronado, Joe R. Alvarado, Lupe Y. Cuellar Jr., Fred G. Callins, Armando Gonzales, Jimmy Vozquez and Mark Timmerman.

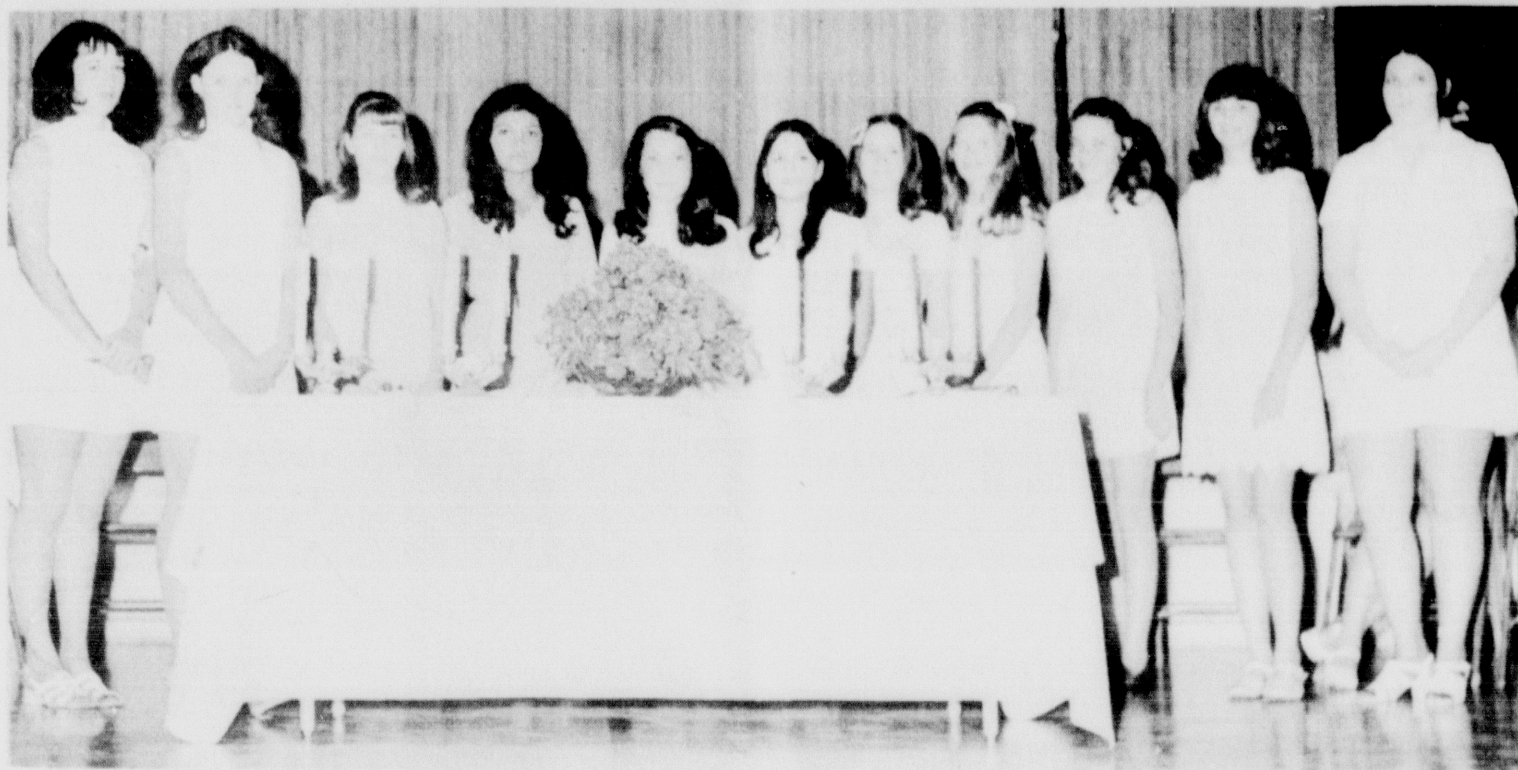

From Devine, Jose C. Davalos Jr., Larry N. Stone, Douglas B. Murdock, Jack E. McCain Jr., Gilberto R. Macias, and James L. Davis.

Natalia registrants are Darrel Young, Adolph B. Rodriguez, Ronald J. Watkins, Timoteo Munoz Jr. and Jesse G. Peredo.

Odie G. Rainey was the only registrant listed from Castroville.

Here in Hondo

Mr. and Mrs. Warren Adkins of Austin spent the weekend with Mrs. Adkins' mother, Mrs. W. C. Scott.

Chapter No. 1, Future Homemakers of America of Hondo, installed officers on May 10. Susie Rogers (l-r), president; Connie Schueling, first vice-president; Jacque Fitzpatrick, second vice-president; Sally Garza, third vice-president; Rose Ma-

ry Trinidad, fourth vice-president; Vangie Carmanu, fifth vice-president; Rebecca Jordan, secretary; Lynn Leinweber, treasurer; Virginia Maureen Zerr, historian; Denise Wiemers, parliamentarian; and Debbie Beard, pianist.

Future Homemakers hold installation

Chapter No. 2, Hondo Future Homemakers of America, installed these officers in ceremonies on May 10, (l-r) Dottie Woolfs, president; Ladell Been, first vice-president; Claire Miller, second vice-president; Melissa Muennink, third vice-

president; Debbie Aelvoet, fourth vice-president; Judy Coyle, fifth vice-president; Linda Bendele, secretary; Donna Wiemers, treasurer; Isabell Clayton, historian; Debbie Muennink, parliamentarian; and Jan Nixon, pianist.

Uvalde college graduation is tonight

At 8 p.m. tonight (May 13) Southwest Texas Junior College in Uvalde will graduate 155 students in the Associate in Arts Degree Program.

Thirteen students are list-

ed as graduates of the program in Aviation Technology. These students will be issued the Associate in Science Degree.

Fifteen students will re-

ceive the Associate in Applied Science Degree in the Farm and Ranch Management Program. Twelve will receive diplomas in the 2-year Automobile Mechanics Program.

Eleven students of the Vocational Nursing Program will get diplomas.

Nine students will receive certificates for completion of the one-year Secretarial Program. The total number of graduates in all programs will be 215.

Area students who will receive diplomas include Dennis Charles Mann of Yancey Star Route and Linda Ann Rodriguez of D'Hanis. Associate in Art degrees; Michael King of Pearsall and announcer of Radio Station KQHE in Hondo. Associate in Science degree; and Blaine Louis Schorp of Devine. Associate in Applied Science degree; Allen Mumme of Hondo. Automobile Mechanic diploma.

The list of degree candidates from Hondo includes George Russell Ledbetter, Master of Business Administration, of 1406 24th St.

tration, Home Economics, Agricultural Sciences and Education, the School of Law and the Graduate School. Tech has a student body of more than 20,000.

Sam Bybee among UofT graduates

Sam Alan Bybee, son of Mr. and Mrs. Paul Bybee of Hondo, will be awarded a Bachelor of Science degree in civil engineering at commencement exercises at the University of Texas, Austin, on May 15.

Bybee is one of 230 candidates for bachelor's degrees in the university college of engineering for the spring semester.

Weynand given commander post

Michael J. Weynand, Hondo, has been named a company commander in Texas A&M University's 1971-72 Corps of Cadets.

He will be a cadet major and have responsibility for a unit of from 60 to 80 Army cadets.

Squadron and company commanders are highly important to the functioning of the corps, said Col. Jim H. McCoy, commandant. They represent the most direct

communication with and control of corps members.

Weynand will command Company L-1 one of four units comprising the 5th Battalion of the cadet corps.

He will officially take command May 8 at Texas A&M's unique Final Review.

Son of Mr. and Mrs. Myles A. Weynand, 2302 Avenue U, Weynand is a graduate of Hondo High School and junior mechanical engineering major at Texas A&M. He currently is a junior cadet.

Students earn nurses stripes

Helen Koch of D'Hanis was among the 46 senior student nurses at Incarnate Word College, San Antonio, who received stripes recently in ceremonies at IWC Chapel.

Patricia Rock of Hondo was one of 45 juniors awarded stripes in the same ceremonies.

Seniors, about to complete the bachelor's degree program

receive a solid, black stripe across the top of their caps, the mark of the registered nurse.

Juniors with another year to complete in the program receive a solid vertical stripe.

Students in the program will have a bonus next fall when IWC opens its \$634,000 Nursing Education Building.

Corliss Balzen wins scholarship

Corliss Balzen, daughter of Mr. and Mrs. Chester Balzen of Hondo, has been awarded a \$500 renewable scholarship by the local International Brotherhood of Pottery and Allied Workers.

The Hondo local made the award last week.

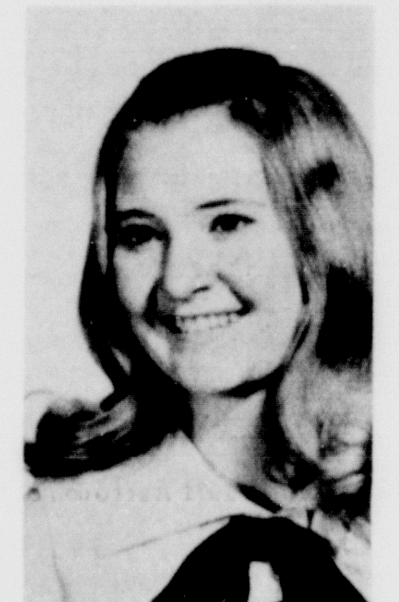

Miss Balzen, a Hondo High School senior, will attend Angelo State University where the 18-year-old blonde will major in secondary education.

Although the union started the scholarship program in 1955, this year marks the first time it has been awarded in Hondo.

Winners are judged on the basis of their secondary school report, personal qualifications and results of scholarship aptitude tests.

To be eligible, students,

must be children of union members, or receive their principal support from a union member.

Parents Know the Drug Threat

The child you save
may be your own

By

Jerry Williamson
Hondo

Chief of Police

Today's Subject: Some Other Drugs
Most Commonly Abused

Today we will go over some of the drugs most commonly used, and thus, so we will all be familiar with terms and types for their use.

COCAINE & PHETAMINES: These are stimulants. On the street, they are referred to as "Bennies," "Whites" (round and white). Also in this category are "Dexies" (green and white capsules) and "Hearts" (green, heart-shaped tablets). These are what are commonly called "pep pills" or diet pills. Taken orally, Amphetamines stimulate the central nervous system, the brain and spinal column. Users, under the influence of these drugs, will usually be argumentative, overactive, unusually talkative, generally unable to eat much, unable to sleep, and show a marked release of inhibitions. (It is not unusual for one under the influence of these drugs to suddenly remove his clothing for no reason.)

Users usually demonstrate mental confusion, unpredictable, and irrational behavior, even violent behavior may result. Use is biologically harmful too because it destroys body reserves and makes the user extremely vulnerable to disease. These are illegally available on the "street market" (about 8-10 for \$1) yet many youngsters obtain oral Amphetamines from the home medicine chest (parents' pep or diet pills).

Note: Most "street market" (black market) Amphetamines are made by illegal laboratories, often by experimenting amateurs, using imbalanced chemicals in unsterile surroundings.

INJECTED METHAMPHETAMINES: These are referred to, among other terms, as "Speed" or "Meth" and are far more potent, faster acting and, of course, extremely harmful. Users on injected (intravenously) Methamphetamines are usually extremely confused, very unpredictable and irrational. Violent behavior is common and toxic psychosis (sick and insane) may result. Sometimes users get on a "Speed" or "Meth" run. A "run" is an intravenous injection as often as every 4 hours for 3 to 6 days, with no eating and no sleeping. During these periods the user is extremely overstimulated and out of control, or in terms of the street he is "strung-out" or "up-tight." And he will show acute signs of paranoia — he sometimes collects weapons because he is convinced that people are plotting his death. On occasion a user gets the feeling he must "kill or be killed." A zoom lens effect of the eyes (like a camera zoom lens) makes the user even more paranoid because objects and people loom up before him, disappear and alarmingly reappear.

When injections are stopped after a "run," the user "crashes" — this means he goes into a period of hallucinations and deep sleep coma lasting from 18 to 48 hours. He awakens famished, eats huge amounts of food, particularly sweets and liquids. He is extremely fatigued, very susceptible to disease and deeply depressed. At this point, many users will take an oral Amphetamine to get going again.

"Speed" is available on the "street market" in papers, a small paper package, at about \$3 to \$5. It sells for about \$100 an ounce. Speed aggravates any heart condition and can cause strokes in susceptible people. It is toxic to any healthy heart and also to the blood vessels as it increases heart rates, blood pressure and can cause shock and death!

Another powerful stimulant is Cocaine. Its effects on the body and mind may even exceed those of Speed. Cocaine, an extremely hazardous drug, is being imported in increasing volume from South America and Cuba and is being used at alarming rates by young people. (A gram costs \$40 to \$50 and makes 10 capsules.)

Let's go further into drugs next week. We have more information to cover on the subject that will be beneficial for you to know. If you already know this data, it will be helpful to brush up on it.

This series brought to you as a public service by the following civic-minded merchants.

Turner named Honorary Chapter Farmer

More than 190 guests enjoyed the Hondo FFA Parent-Son awards banquet in the high school gymnasium Thursday night. Kim Turner was toastmaster. He and his brother, Nick, pulled a good one on their dad, Dink Turner. Both had known for several weeks that Turner would receive the Honorary Chapter Farmer Degree.

Weynand gets scholarship

Gordon Weynand

Gordon W. Weynand has received a four-year National Merit Scholarship to Texas A&M University at College Station. Son of Mr. and Mrs. Richard N. Weynand of San Antonio and D'Hanis, Gordon will graduate from Highland High School in San Antonio on May 27. His family operates the Louis Weynand homestead farm north of D'Hanis. "Your distinguished performance in the 1971 merit program has made you a representative of the ablest young people in the nation," said National President Edward C. Smith in his letter to Weynand.

Band Boosters to meet May 17

There will be a meeting of the Hondo Band Booster Club on Monday, May 17, at 8 p. m. in the Hondo High School Gymnasium.

Purpose of this meeting is

election of officers for 1971-1972. As an added attraction the Beginner Band, under the direction of Mr. Billie Hairrell, will play for entertainment.

Please try and attend this very important meeting.

Helotes drubs Eagles

Centerfielder Davis' base-loaded single and a three-run homer by second baseman Watts keyed an eight-run explosion in the third inning as Helotes came from behind to whip the Hondo Eagles 12-4.

Astros to play first home game

The first 1971 Astrodome appearance of baseball's hottest team, the San Francisco Giants, will highlight the Houston Astros' third 1971 home stand, a 10-gamer opening Friday night, May 14.

St. Louis' Cardinals, popular on the Houston baseball scene due to their long-time affiliation with the old Houston Buffs, will open the stand with a three-game series.

San Diego, for four games, and the surprising Giants, for three, also will be facing the Astros during the stand.

Tickets to these games, as well as to any 1971 Astro home games, are available at the Astrodome. They may be ordered by mail by sending check or money order to: Astro Tickets, Box 1691, Houston, Texas 77001. Box seats are \$4, reserved seats \$3. A 25-cent handling charge should be added to all mail orders.

Sunday in a baseball game played at Helotes.

The Eagles gained a short-lived 3-0 lead during the first two innings. Singles by Hernandez, Morales and a double by Johnny Miranda jumped the Eagles into a 2-run first inning. A grounder by Ybarra, a single by Dominguez and a sacrifice fly by Hernandez gave the Eagles a single run in the second inning. Santos' single, two passed balls and a double steal executed between Santos and Dominguez, gave the Eagles their last run in the fourth inning. From this point on Jerry Trevino, Helotes pitcher, managed to hold the Eagles hitless and scoreless.

Dave Beard started on the mound for the Eagles and got past the first two innings scoreless, but then the roof fell in during the third inning as Helotes exploded for eight

runs on five hits, one error and three walks. Helotes came back for three additional runs in the eighth.

The hot and cold Beard held Helotes scoreless in the first, second, fourth, fifth, and sixth innings, but the 8-run burst during the third inning proved too much to overcome. This marked the 3rd straight game that the youthful Eagles have dropped, after having led in the early innings.

Next Sunday, the Eagles have an open date from Hill Country League play. They will play host to the Robles Sports, one of San Antonio's strongest independent baseball teams. Game is on tap for 3 p. m. at Pruneda American Legion Baseball Park.

Blue Jays fall 6-2

A dearth of hits and four errors spelled defeat for the Hondo Blue Jays Sunday as they fell 6-2 before Rudy's Lounge team from San Antonio.

Jesse Cardenas started the game with a single, but was stranded on a third as the Blue Jays failed to get a rally going. Other runners reached base during the game but Blue Jay bats were so inconsistent they could not push any runs across except the two runs scored by Efrain Rodriguez.

Rodriguez, the starting pitcher, allowed only 3 hits before being listed in favor of Ramiro Miranda.

Miranda allowed only 3 hits in the final four innings. The San Antonio pitcher, Guzman, gave up only four hits and two unearned runs.

contests; Morris Faseler and Doug Peters who gave a year-in-review report on chapter functions.

Chapter president Kim Turner presented FFA Sweetheart Miss Peggy Wilson with a gift from the chapter.

Fredericksburg will host the Area VII FFA banquet and convention Friday and Saturday of this week. There are 89 FFA Chapters in Area VII covering more than 28 counties. The FFA degree and award checking will be held on Friday with vocational agriculture teachers serving on committees.

The FFA Area Banquet will be held Friday night when special recognition will be given

American Farmer Degree applicants, State Farmer Degree applicants, the area officer nominees and special award winners.

Hondo people who plan to attend Friday FFA functions are chapter voting delegates, Tony Hardt, Frank Aelvoet, and Wayne Stein, Area FFA vice-president Bobby Mumme, State Farmer Degree applicant Dennis Neuman, and Area Star Greenhand applicant Louis Schmidt. Other Hondo people attending will be J. D. Schmidt, John McAnelly, Jimmy Mumme, Stella Mumme and Mr. and Mrs. Stanley Mumme.

On Saturday morning the Area FFA Convention will be held. At this time the finals

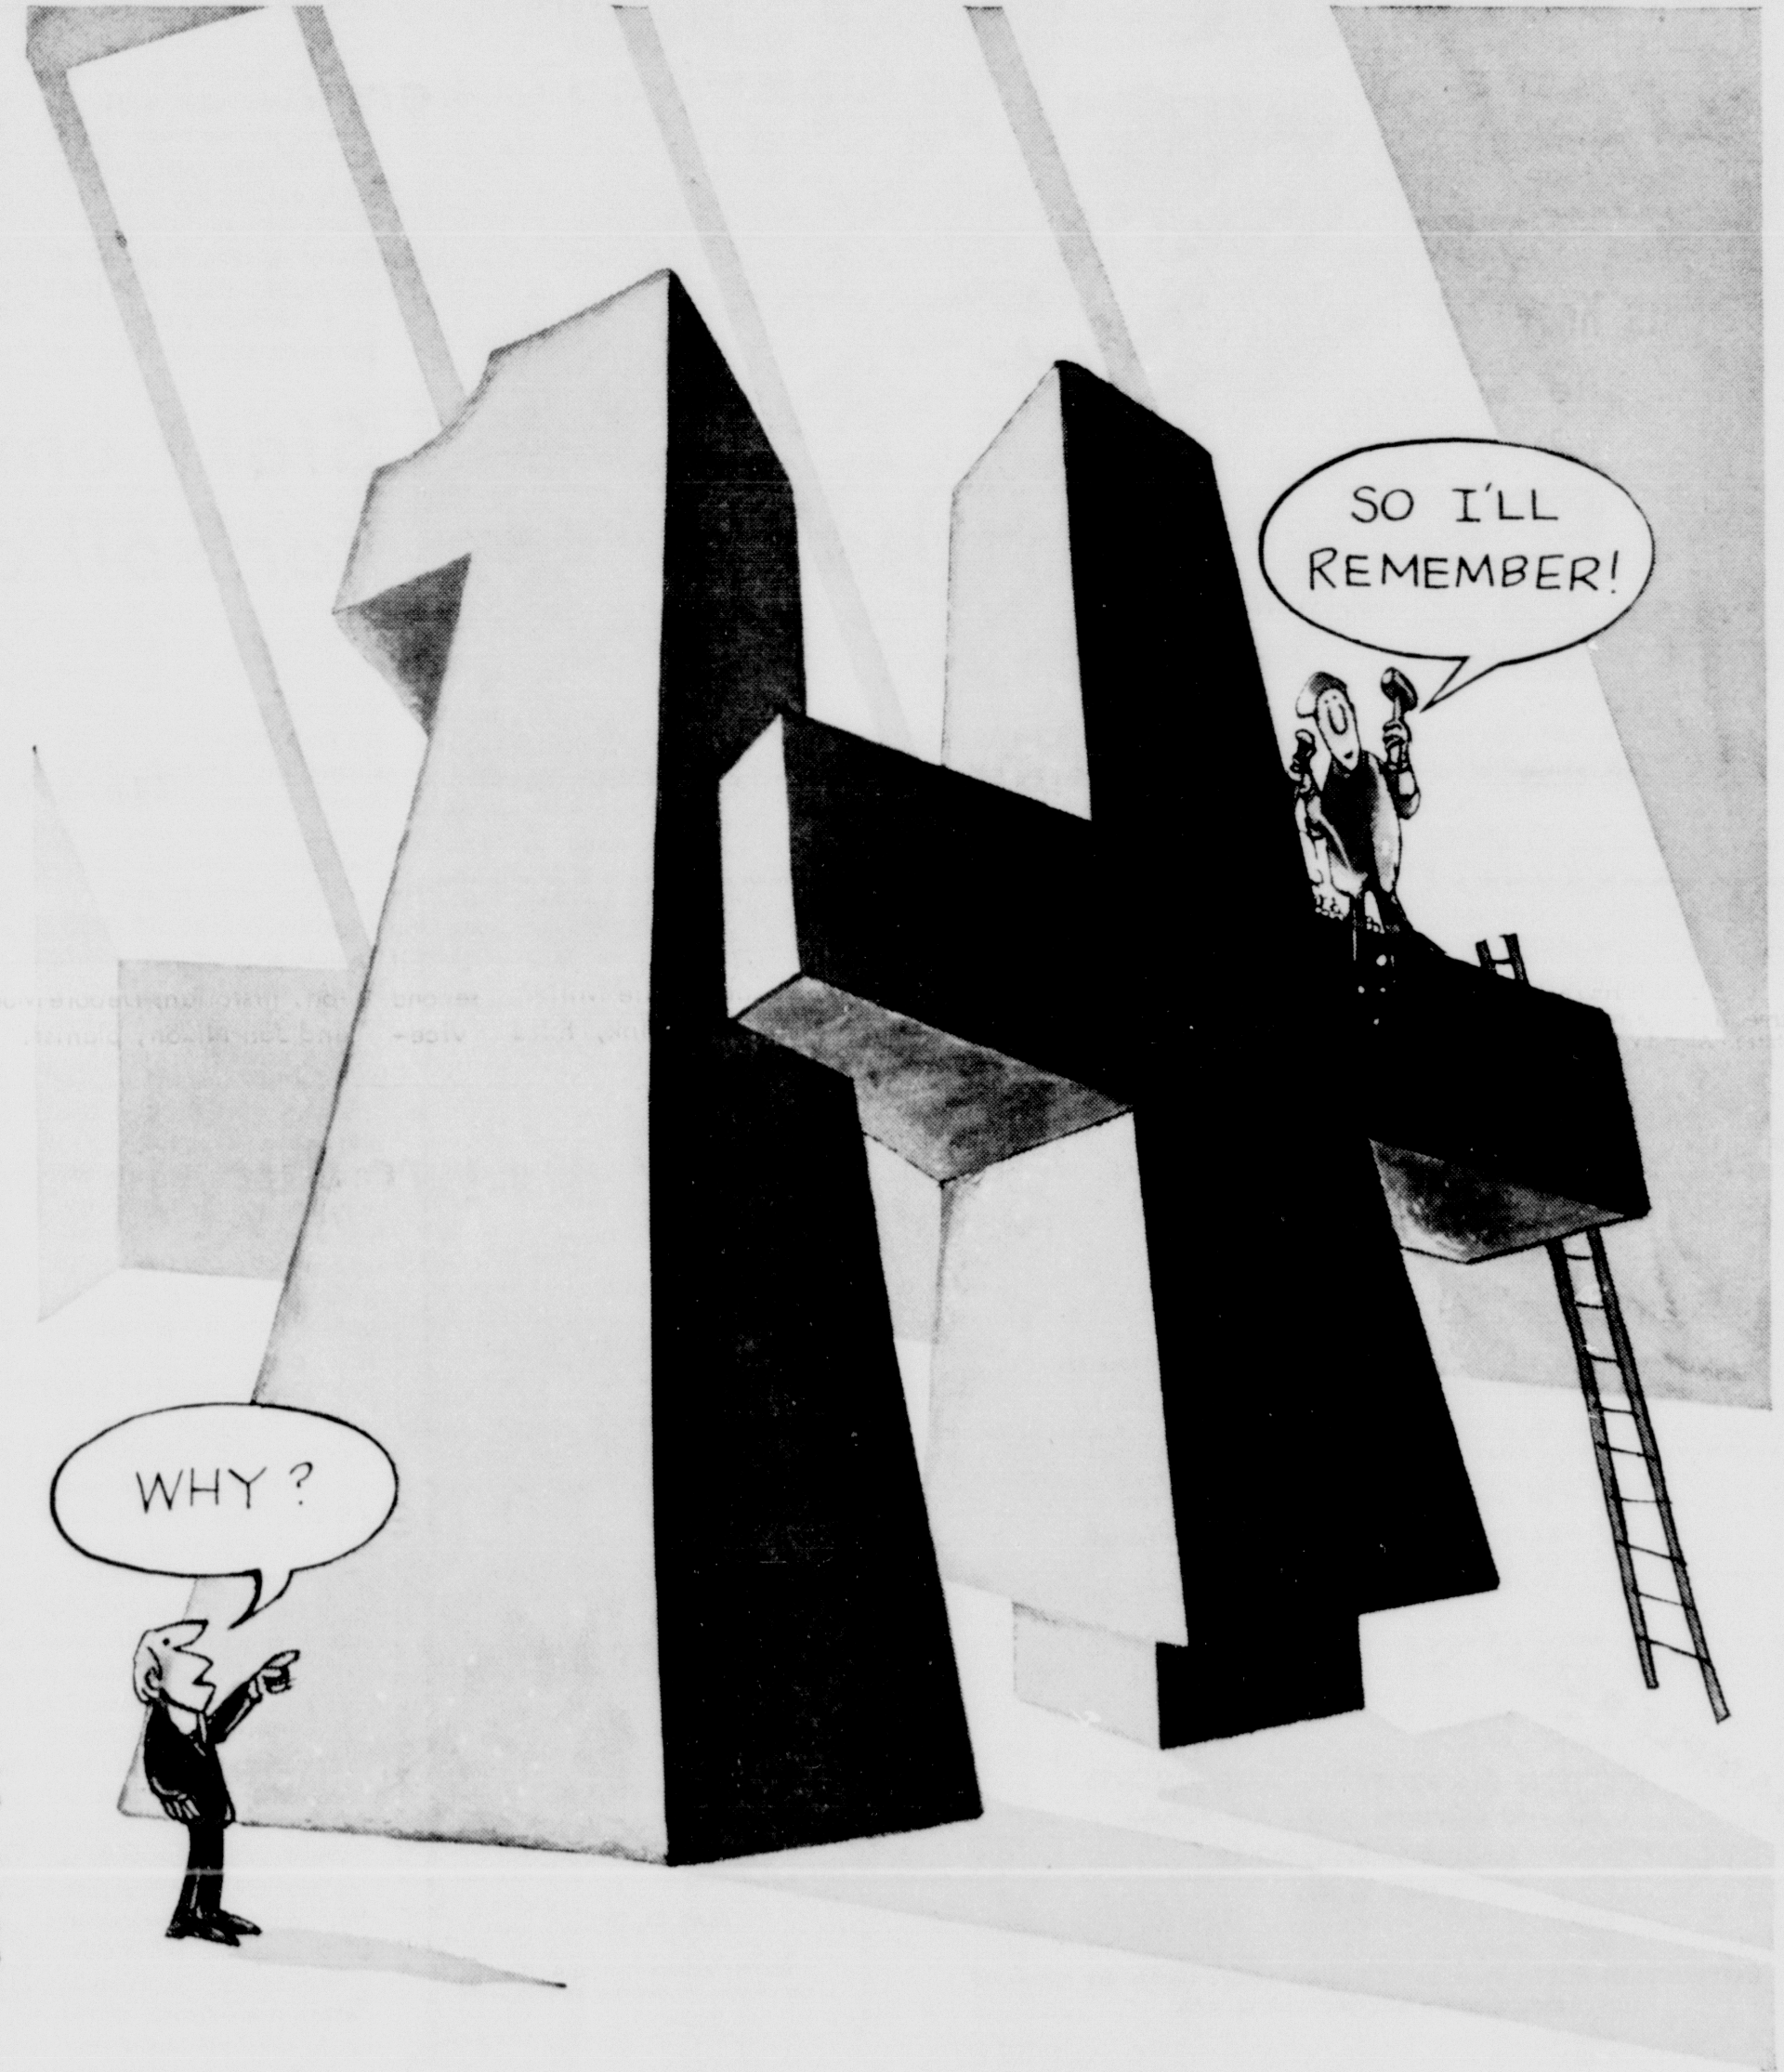

for public speaking will be conducted. The New Area VII FFA officers will be elected, a state officer nominee will be chosen, and successful applicants for the State and American Farmer Degrees will be presented.

Hondo will have Wayne Stein participating in Area Public Speaking contest, Louis Rothie applying for the American Farmer Degree, Bobby Mumme and Dennis Neuman applying for the State Farmer Degree and Louis Schmidt applying for the honor of being selected Star Greenhand (first year vo-ag, student) of the area.

The State Degree and Award Degree checking will be held in Dallas June 2-3-4.

SOIL SCIENTIST WAITS TO TAKE SAMPLE
... Michael Deike (center) will put sample in bag as Glenn Dittmar and E. L. Abbott watch

Soil Conservation Service

Soil testing program underway

Extensive studies of Medina County Soils were made last week by soil scientists of the Soil Conservation Service of the U.S. Dept. of Agriculture. Fifteen of the major soil types in Medina County have been selected to test and classify these soils as to their different engineering properties and characteristics.

A cooperative effort with the Texas Highway Dept. and the US Bureau of Public Roads, these soil samples will be sent to the Texas Highway Dept. laboratory in Austin for analysis.

In obtaining samples, a back hoe was hired to dig deep pits on carefully-selected sites throughout Medina County. Most of these sites are in the Yancey area, but other pits are being dug near Castroville, Quithi and Hondo.

As the pits are dug, layers or "horizons" of the soil are exposed. A sample weighing about 30 pounds is taken from certain key layers. Smaller samples are taken from the other layers.

Glenn Dittmar of Hondo is in charge of the soil sampling project and he is being assisted by Michael Deike of Hondo

and Jack Stevens of Uvalde.

In Austin, the soils will be tested to determine their physical make-up. Compaction tests will be made to determine how much load the soils will support, the shrink-swell capacity of the soils will be determined.

Results will be used by engineers in designing new roads and other types of construction.

Universities and agriculture research stations will use the data to uniformly apply

results of experiments on these and similar soils and thus enable them to grow better crops.

Medina County soils are being investigated as a part of the national cooperative soil survey by the Soil Conservation Service in cooperation with other agencies. This soil survey has been in progress for several years and field work is due to be completed this year.

Once field work is completed, information and data on all soils in Medina County will be compiled for distribution to all land users.

Amendment No. 4 would provide help for cities, water districts

Amendment 4 on the May 18 election ballot will, if passed, provide much needed help for many municipalities, water districts and other entities in the state, according to Gordon Fulcher, chairman of the Texas Water Quality Board.

By providing a state matching grants program, the amendment will make available substantially increased federal funding for construction or improvement of sewage treatment facilities.

In the past, without a state matching program, federal funding has been available only in the amount of 33% of the eligible costs of such construction, and cities have had to come up with the remaining 67%.

With a state matching program which will contribute 25% of the cost, on a pay-back basis, federal grants will increase to some 50-55%, leaving the city only 20 to 25 percent of the cost to bear.

Monies provided as a result of passage of Amendment 4 can be used only for wastewater treatment facilities, and its passage is vitally needed, according to Fulcher.

"Industry is usually blamed for our most serious water pollution problems," Fulcher said. "This is not always the case, however. In a great many instances our worst problems come from municipalities where wastewater treatment facilities have not kept pace with population growth, and where money has not been available to upgrade the facilities. It is just absolutely imperative that we get more help for these municipalities."

"Passage of Amendment 4 by Texas voters on May 18 is not just a desirable step. It is a clear cut necessity if we are to realize our goals of clean water for Texas," Fulcher emphasized.

Story emphasises need for soil conservation

Recently an interesting article was received by the Soil Conservation Service, assisting the Medina Valley Soil Conservation District. The article was compiled by the Economic Research Service and Statistical Reporting Service.

It is an accurate story and presents a clear picture of how we stand in America. We of the Soil Conservation Service feel that it might be of interest to our people in this District. All of the following information is based on our National production records.

If all land was equally divided among American families, each family would receive a total of 27-1/2 acres. Of this amount, only 22 acres would actually be in their farm. Nine of the 22 acres would be in cropland, 10 acres would be in pasture, grass or rangeland. One and one-half acres would be woodland used for grazing, and 1-1/2 acres would be farmstead, roads and non-farm land. In addition to your own farm, you would be entitled to 5-1/2 acres of land you could lease, owned by the government.

Even though you own 9 acres of cropland, you would be allowed to plant only 6 acres in 1970.

Your herd or flock presents some puzzling biological problems. Taking the number of each in America, and dividing them equally, you could be allowed one-fourth of a dairy cow and she would produce 2,287 pounds of milk per year. Your beef herd of 1.8 head would drop an average of 3/4 calf per year. Your one hog allowance would produce 2 pigs. Based on national records, only 4/10 of a sheep would roam your pasture. In 1970, our hen population in the U.S. would allow each family 6 hens that would give you 113 dozen eggs per year.

You would also produce 58 broilers, but only 2 turkeys.

On the national average your farm of 27-1/2 acres would be valued at \$4,086.00. As the year began you would have \$460 worth of livestock and \$211 worth of crops. On the national average your machinery and vehicles would amount to \$671. All land divided up, your gross in 1969 would have been \$1,068. Your production expense took \$752 of that, leaving a new income per family of \$316.

All of the above figures are based on accurate records and would be each family's take if all of us were farmers.

From this story, we do get a clear picture of the outstanding job that is being done by our farmers and ranchers who till the soil.

Also, we see the story of population, compared to acres, and the need of sound conservation to feed our nation.

The trend of the population and the need of food will place all importance to farmers and ranchers, and our two great natural resources - soil and water - will hold top priority among all people of all nations.

CATFISH FARMING

Several farmers have inquired about the production of catfish in irrigation reservoirs and other water impoundments. Catfish can be efficiently produced in almost any size body of water. Water in the pond should average about four feet deep, but should not be less than 30 inches to avoid weed problems.

The quickest method to get started in catfish production is to purchase fingerlings from commercial fish hatcheries. If heavy feeding is contemplated, a stocking rate of 2000 fish per acre is recommended.

For ponds where fish will not be fed, stocking rates of about 300 per acre give best results. Great care must be taken to temper the fish to the

new water. Abrupt changes in temperature, pH or oxygen are deadly to small catfish. This tempering is best done by slowly adding water from the pond to the hauling container. Water should be added slowly enough that the temperature does not change more than one degree every 10 minutes.

There are many commercially available catfish feeds on the market. The feed should be pelletized and the pellets should remain relatively intact for 10 minutes in water. Changing brands of feed often results in failure to feed and reduced growth for 3 - 7 days. Fish should be fed 3 percent of their body weight until they reach one pound. Above one pound, two percent of their body weight is adequate. Under best conditions fish will double their weight each month.

The Soil Conservation Service has information on catfish farming. Technicians will also assist landowners and operators in site selection, design and layout of ponds for catfish farming.

Congratulations Graduates!

Requiem mass held May 10 for Mrs. Adolph Hutzler

A concelebrated requiem mass was recited at St. Joseph's Catholic Church in Devine on May 10 for Mrs. Adolph (Hedwig Amelia) Hutzler, age 68, who died May 8 in Castroville Hospital following a lengthy illness. Msgr. Ralph Smith of Blessed Sacrament Church, San Antonio and Rt. Rev. Michael Maertens of St. Joseph's officiated.

A housewife, Mrs. Hutzler was born Oct. 6, 1902 in LaCoste to Charles and Helen Schtle Zinsmeyer. She married Adolph Hutzler on Oct. 24, 1922. The couple had operated a farm at Biry for many years. Mrs. Hutzler was the Biry correspondent for the Hondo Anvil Herald for several years before she became ill.

Survivors include her husband, Adolph of Biry; five sons, Harold, Clifford and David of San Antonio, Melvin of Bulverde, and Ralph of California; six daughters, Evelyn Mann and Doris Tschirhart of Big Foot, Kathleen Berdele of San Antonio, Helen Magenhofer of California, Irene Wasag of Illinois and Anita Bacak of Houston; 35 grandchildren and three great-grandchildren.

Pallbearers were Robert Mann, Charles Tschirhart, James Mann, Edwin Zinsmeyer, Jerry Mann, Ervin Hitzfelder, Marlin Mechler and Gregory Tschirhart.

Interment was in St. Joseph's Cemetery, Devine, with Harley Funeral Home handling arrangements.

Mrs. Elena M. Olivarez

Mrs. Elena M. Olivarez, 85, of Mathis passed away on May 1, 1971 in a hospital in Sinton. She was born August 18, 1886 in Brownsville.

She is survived by 7 sons, Cicilio, Claro, Toribio, Lee, Madaleno, Ben and Comas Olivarez of Mathis; six daughters, Mrs. Refugia Martinez of Rockport, Mrs. Mateo Martinez, Mrs. Benina Gutierrez, Mrs. Paula Trevino and Mrs. Yearia Martinez, all of Mathis, and Mrs. Santos Chacon of Natalia; brother, Jesus Martinez of Mathis; sister, Mrs. Bonifacia Moyer of Alice; also 130 grandchildren, 99 great grandchildren, 67 great-great grandchildren.

Funeral services were held May 3 at the Sacred Heart Catholic Church where she was a member. Pastor Father Boggart officiated.

Interment was in Eternal Rest Cemetery in Mathis.

Maria Inez Hernandez

Requiem mass was recited May 6 at St. John's Catholic Church in Hondo for Maria Inez Hernandez, age 81, who died May 3, 1971 at Medina Memorial Hospital. Rev. George Stuebben and Rev. Ernest Carolan officiated.

Mrs. Hernandez was born April 21, 1890 in Mexico City to Refugio and Victoria Gaur-

sin Gomez. Her husband, Jesus Hernandez, died in 1952.

Survivors include two sons, Valente and Dionicia Hernandez, both of Hondo; 5 daughters, Sara Garcia of Ogden, Utah, Lucia Hernandez of San Antonio, Cuca Saucedo, Hondo, and Petra and Maria Hernandez, both of Hondo; a sister, Antonio Gomez of Mexico; ten grandchildren and 12 great-grandchildren.

Pallbearers were Margarito Martinez, Felix Cuellar, Lonjino Reyes, Jose Carrea, Antonio Dominguez and Mike Paloma.

Interment was in Guadalupe Cemetery with Guinn-Horger Funeral Home handling arrangements.

Tindaro Constantino

Tindaro Constantino, 78, father of former Hondo pastor, Rev. Anthony Constantino, died May 9, 1971 in San Antonio. Funeral services were held on May 11 at Our Lady of Mt. Carmel (Little Flower) in San Antonio.

His wife passed away three weeks ago.

Survivors include Father Anthony, Mrs. Raymond Jacobs, Mario, Richard, Vincent, Benjamin and Robert Constantino, all of San Antonio; 12 grandchildren, a brother and a sister in Italy.

Visiting with Mr. and Mrs. Albert Tschirhart on Mother's Day were Mr. and Mrs. Roy Tschirhart, Mr. and Mrs. Allen Ihnken, Mr. and Mrs. Leroy Stein and son, Mr. and Mrs. C. A. Fohn and sons and Miss Carolyn Tschirhart.

Kay wins again

Kay Wentz, daughter of Mr. and Mrs. John Wentz, holds a honorable mention certificate which she won in the statewide fire poster contest. Kay was one of 40 entries in the Hondo schools last fall, some 6,000 in the state. This is her second such certificate since she won honorable mention when she was in the first grade. Sharing her pride are her teacher, Mrs. Glenn Schweers, and Meyer Elementary Principal Bud Woolfs.

Social Security

QUESTION: I am drawing disability benefits at the present time. Do I need to take any action if I should return to work in the future?

ANSWER: Yes, Disability benefits are paid on the condition that the recipient is unable to do substantial work. Therefore, any return to work should be reported immediately to your social security office.

QUESTION: How much work must I have under social security to qualify for a disability benefit? I am 49 years old.

ANSWER: Present law requires that you have five years of work out of the ten years immediately preceding the date you become disabled. This work must be covered under social security.

If you have any questions regarding social security, see your representative when he is in your area. Your representative, Mrs. Fry, will be in Hondo at the City Hall Council Chamber Monday, May 17, at 8:45 a.m.

Postal rates go up May 16

Postmaster John Muennink said today that increases in most postage rates will take effect May 16 as the new United States Postal Service begins its task of achieving self sufficiency as required by the Postal Reorganization Act.

New increases, authorized on a temporary basis until the newly created Postal Rate Commission can make recommendations to the Governors of the Postal Service on permanent changes, will raise first class letter rates from 6 to 8 cents an ounce, and air mail letter rates from 10 to 11 cents an ounce. Post cards will go from 5 to 6 cents each and air mail post cards will go from 8 to 9 cents each.

The increase will be borne more by business than by individuals, the postmaster pointed out, since 75% of first class and airmail is from commercial mailers.

In addition to increases in first-class rates, second and third class will also go up on May 16. However, the full increases proposed by the Postal Service will not be put into effect on a temporary basis, in second and third class, since the postal reform legislation contemplates that such increases be phased over 5 years -- or ten years for nonprofit organizations provided Congress appropriates the necessary funds to ease the transition to full rates.

Because of the phasing provision, the increases to become effective May 16 for second and third-class will generally be only 1/5 of the total increases which has been proposed by the Postal Service.

No changes are made in the rates for parcel post, which is the principal component of fourth-class mail. However,

initial increases will be made in the "book rate" which is classified as fourth class.

The new temporary rates also make changes in other postage rate categories

WOOD & WOOD

1105 19th Street Hondo Dial 426-2031

Do you want clean water?

If you do, vote for the Clean Water Amendment Tuesday, May 18.

4 reasons FOR #4:

1. **Financial:** to reduce the tax burden of providing adequate public sewage treatment facilities.
2. **Environmental:** to prevent improperly treated sewage from ruining our rivers and streams and their fish and wildlife.
3. **Conservation:** to help preserve one of our most precious natural resources—water.
4. **Public Health:** to avoid serious health problems downstream because of inadequate sewage treatment facilities upstream.

Vote for the Clean Water Amendment #4 on the ballot Tuesday, May 18.

P.D. POL. AD., Clean Water for Texas Committee,
801 Vaughn Building, Austin 78701, Richard D. Brown, Chairman

Amendment No. 3 will alleviate some of our welfare problems

Barton Hackney, Commissioner of the Texas Department of Public Welfare, has issued the following information

to inform the public on the status of Welfare in the state. Welfare is neither the cause nor the cure for society's

problems. In Texas it is a very limited attempt to meet minimum needs of certain groups of poor people.

The State Department of Public Welfare has been charged by the Legislature to provide financial and medical assistance - and to offer certain social services - within a frame-work of state and federal legislation and funding.

Our programs are designed to see to the survival, well-being and protection of the young and the old, the blind and the disabled. We cannot help persons who are merely poor. They must fit also into specific categories. Our recipients must be poor and SOME THING ELSE. They must be poor AND elderly, poor AND totally disabled, poor AND blind, or poor AND a child in a family deprived of parental support.

The growing number of human beings in these categories have given rise to a "caseload explosion". What the welfare program is trying to do is put rings under the people who have little chance for self-sufficiency on the economic ladder.

Right now we have about 234,000 persons over 65 trying to live on an average grant of \$62.45 per month. Grants to the 4,000 blind average \$79.28, and grants to the 24,000 totally and permanently disabled average \$67.19. And, then there are the children; 28% of our present expenditures are for the one program that helps children. This category is probably the least understood and the most controversial. Contrary to a popular notion, only one out of every four AFDC children is illegitimate.

Now let's explore some of the realities behind the montage of myths that revolve around welfare.

Myth: The rolls are full of able-bodied, shiftless and lazy men who sit on doorsteps and collect welfare checks. If we just insisted that all recipients go to work, the problem would vanish.

In reality, no one is on welfare in Texas by his own choice. He's on because he has desperate financial and medical needs beyond his capacity to provide. So discovered the Senate Interim Com-

mittee on Welfare Reform in its independent study made during 1970. Eighty-eight percent of Texas welfare recipients are too old, too young or too handicapped physically or mentally to work more than they are now. The extremely few able-bodied men on Texas' rolls are all over 65 years. About 5% of all recipients are working, but are still making too little to subsist upon. That leaves just six percent of all remaining under-65 and over 18-year old population that could be involved in employment. Of those, according to the Senate Interim Committee, only about 2% could truly profit from work-training if day care, transportation and medical assistance were also provided.

Another myth: AFDC mother continue having children to take advantage of welfare checks.

The reality: The Department budgets \$25 a month for a child's food, clothing and personal needs. But because of a lack of funds we are able to pay now only 75% or \$18.75 a month per child. What "money incentive" can be found here?

Myth: The poor are bad money managers.

The reality: In February, we issued an average check of \$117.76 in the AFDC program. The average payment per recipient was \$29.21. They must indeed be good managers to live on the meager grants they receive.

Some critics say that the public assistance system has been a failure because it has not eliminated poverty.

We doubt it, many of the people we have helped to become independent could classify public assistance as a failure, now would the thousands of children who have been able to continue in school and go on to productive adulthood claim that the system has failed, nor the elderly, the blind and the disabled to whom we've helped provide comfort and minimum maintenance.

However, this is not to say that the present programs are adequate in terms of today's needs.

In trying to meet these needs, states are bowing low

under a great economic strain. It has become obvious that public welfare is a national problem demanding a national solution.

The battle rages in Washington as to which form federal assistance to poverty will take. Possibly it will be another two to five years before the states are relieved of the increasing financial welfare burdens.

In the meantime we must continue our present programs.

To do this, Texas voters once again will be asked to face the dilemma of poverty. The Texas Constitution now limits state funds for public assistance money payments to \$80 million a year.

On May 18, the Legislature is asking the people of Texas to decide on Proposition 3 - a two-pronged welfare proposal. If approved it will:

Take the three adult programs - for the aged, blind and disabled - out from under the constitutional ceiling, permitting the Legislature to provide for these groups as it sees fit. The second part of the proposition would retain a ceiling on the AFDC program - ceiling of \$55 million annually, which is three times the amount originally appropriated this year.

The children involved are in special need of nutritious food, a chance for medical care, a good education and a wholesome environment, so that they will not turn into another generation of welfare recipients but have the opportunity to become self-sufficient self-respecting adults.

A vote against the Amendment would not brush away the problem of poverty in Texas. It would transfer much of the burden to the cities and counties - and they lack the resource of federal matching funds available to the State.

This week

That's all she wrote

by Edna McDade

This is being transcribed in flight, from hastily scribbled notes made before I left for another visit to Lancaster, Pa., where I shall see how spring comes to the Amish country.

With me, I brought the address of CHARLOTTE LAFFERTY's birthplace and I will report about that later if I can find the house. It should have a special marker.

Shopping in Hondo last week were LEE ANN, who is the going-on-ten-months old daughter of TRAVIS and DOROTHY FOWLER of Biry.

They were accompanied by Lee Ann's grandmother, MRS. EUNICE FOWLER of SA. Grandson CHRIS (7) was at school that day where he is a second-grader at Devine.

Prettying up my daily route to town are the well-kept lawns of several of my neighbors.

At their best last week in a corner bed at the FABIAN (Annie) GARRISONS were clusters of snowy white daisies (Ester Reed variety) and waving stems of yellow day lilies (Mrs. B. F. Bonner variety). A few plumes of a succulent called Red Soto, added a color accent.

How come I know what the flowers were? Annie (herself) told me!

Select your husband's birthday for a family party, start work on a new room to be added to your home, with things scattered everywhere and what happens?

It rains! ELENA (Mrs. Monica) HERNANDEZ who greets customers cordially at JONES SHOE STORE, said she had decided that the combined activity at her house could be guaranteed to bring rain. She also agreed that it was welcomed anyway.

WADE, small son of RICHARD and CAROL FINGER, might have notions of following in his daddy's commercial footsteps.

Wade was busily sacking groceries at Super Sav and carried my purchases to my car. When I suggested that I'd carry the cartons of eggs that seemed to wobble precariously, Wade agreed: "Yes'm, I guess I'm not quite used to eggs yet and they sure can bust easy!"

On Museum Day I had another visit with our "special" Museum artist, EVA (Earnest) HUESSER. I also met her instructor CHARLES B. NORMANN of the Texas School of Fine Arts, Austin.

Eva said that one of her four sisters, BESSIE (E.) KANETZKY, had taught school (1919-20) at Kincheloe Prairie.

The other three sisters are SADIE (E.) BARNHART, EDNA (E.) DIETERICH and MAMIE (E.) JOHNSON. All five sisters now live in Austin.

Time was when the BIRY BAND made the welk-ing at Medina County dances and celebrations.

This was circa 1910. One of the soloists, JOHN, is the son of the band leader, the late CHARLES KREN-MUELLER.

The John K's now of Dunlay, presented his original braid-trimmed band jacket to the Museum's permanent displays where you can see for yourself that John finally outgrew it!

They helped Museum Day

These three boys joined their class-mates at the Hondo Vocational School in building this deer blind to donate to the Medina County Mu-seum. This was the class's effort to-ward helping get the Museum into operation. Taught by Jack Heath

they put a lot of work into this pro-ject. Posing with Fritz Leinweber, who served as Antique Auction chair-man, are left to right: Louis Kempf, Pampta Garza and Pablo Rodriguez. The blind brought more than \$40 at the auction.

Rev. James M. Reid

Baptist Church services to be broadcast Sundays over Radio Station KRME

Letter to the editor

Governor says Amendment 4 will reduce local taxes

Editor, Anvil Herald
Dear Sir,
All of us are aware of the need for better methods of financing sewage treatment facilities by our cities and towns

Art show slated in New Braunfels

More than 50 artists from this area and all of central Texas will be busy early on Sunday, May 16, setting up displays and exhibits for the Annual Spring Show and Sale of the New Braunfels Art League to be held in Landa Park, New Braunfels. Hours for the visiting public are 10 a. m. to 5 p. m.

Raul H. Saenz, Jr.

Marine Pvt. Raul H. Saenz Jr., son of Mr. and Mrs. Raul F. Saenz of Natalia, was graduated from recruit training at the Marine Corps Recruit Depot, San Diego. Saenz is a graduate of Natalia High School.

Donald W. O'Connell

Staff Sergeant Donald W. O'Connell, son of Mr. and Mrs. Daniel M. O'Connell of Rio Medina, is a member of the 21st Composite Wing at Elmendorf AFB, Alaska, that has earned the U. S. Air Force Outstanding Unit Award for a fifth consecutive year.

Sgt. O'Connell, a security specialist, will wear a distinctive service ribbon to mark his affiliation with the Alaskan Air Command unit.

Operating at the "air crossroads of the world," the 21st is a sentinel organization, providing firstline aerial defense of Alaska and North America and at the same time logisti-

ties reduce their initial expense for additional or completely new sewage treatment facilities.

At present, each local community or city must bear 67% of the high cost of improved sewage treatment facilities. Amendment 4, to be voted May 18, would make \$100 million in state bonds available to help cities with sewage treatment. By making low interest rate loans, which would reduce the city's primary outlay to only 20%, we could gain \$200 million in federal funds to help the ci-

ties reduce their initial expense for additional or completely new sewage treatment facilities.

It's strange to me that our opponents say Amendment 4 is in some way connected with the "Texas Water Plan," which is not true. They object to the raising of the limit of bond interest to a ceiling of 6%. But this is absolutely necessary or Texas will not be able to sell its bonds at competitive rates, regardless of how many bonds we vote.

The fact is that passage of Amendment 4 will reduce the local tax burden for sewage treatment. It will help bring back \$200 million in federal tax money to help us solve

sewage treatment problems. It will benefit our health and environment by cleaning up the streams, rivers, lakes, and land areas now becoming dangerous. It will save water. There are many other reasons our state cannot afford to lose this election. I am enclosing some additional information to answer any questions you may have, and I am personally asking your help and your influence to get this very important amendment passed.

Remember, if your city does not now need this sewage treatment improvement, population growth and continued depreciation of present facilities will make this amendment 4 very attractive in the future, when you do need it.

Thank you for all the help you can give us. We think this issue is very important and we are concerned that several organizations have grossly misled the public in regard to Amendment #4.

Sincerely,
Preston Smith
Governor of Texas

Hopes raised for drouth relief for Texas farmers

The five House members sent to Washington to confer with Federal officials concerning possible drought relief for farmers and ranchers returned Thursday and presented their report to House Speaker Gus E. Mutscher.

Rep. Oscar Carrillo, Sr. of Benavides, chairman of the committee, told Mutscher some hope was in sight under present means of obtaining low-interest Federal loans. However, he expressed disappointment that the President has not issued a drought disaster declaration and that the loan requirement of a pauper's oath has not been waived.

Other House members making the three-day trip were Representatives Honore Ligarde of Laredo, Tom Holmes of Granbury, Joe Hanna of Breckenridge and John Poerner of Hondo.

The committee met with James Smith, administrator of

Guy ropes are for kids

Stretch a taut guy rope, and sooner or later it'll draw a playful youngster. These two boys were attracted to one of the ropes to a canopy at

Museum Day Saturday during the Hondo High School band concert. The event drew crowds all day.

Brown's Nursing Center

Hilda Tondre and Ruby Werk of SA visited Annie Mangold and Mrs. Regina Burell. Mr. and Mrs. Dan Burell of Castroville visited his mother, Mrs. Regina Burell.

Mrs. J. S. Rock of Cotulla visited her brother-in-law, Price Daniel. Also visiting Mr. Daniel was Mrs. Glen Tabbutt of Cotulla.

Mr. and Mrs. Bilton Bendele and Red and Francis of Castroville visited their mother, Mrs. Regina Burell.

Mrs. Tusedla Stoeber visited her mother, Mrs. Clara Wurzbach.

Ferdinand and Martha Renken and Mrs. Katie Fillingier of SA visited Mr. and Mrs. Fritz DeGrodt.

Mrs. J. C. Harper visited her husband, J. C. Harper. Also visiting Mr. Harper were Mrs. Alvin W. Harper, Julie and Jason of Lynn Haven, Fla.

Visiting Regina Burell was her daughter, Mrs. Richard Ahr, and Mrs. Joe Scott, her granddaughter, both of New Braunfels.

Mr. and Mrs. Floyd Saathoff of SA visited Aug. Saathoff.

Spray pecans now

Medina County pecan producers and homeowners who plan to spray pecan trees to control the pecan nut casebearer should spray their trees now through May 15, says Glenn Bragg, Medina County Agricultural Agent.

According to Bragg, casebearer eggs were found in the nut clusters Thursday, May 6, and Friday, May 7, with approximately 25% of the eggs hatched Friday upon examination.

The eggs of the casebearer hatch in 4 or 5 days and migrate to the buds below the nuts to feed. After a day or two, they enter the nuts, usually at the base, and feed, each larva frequently destroying the entire cluster.

Adequate control can be obtained with Malathion, Carbaryl (Sevin) or toxaphene. A mixture of Sevin and Malathion will do a real good job as the Malathion will kill hatched casebearers upon contact and the Sevin will kill those that hatch out for the next four or five days. In applying insecticides all applicators are cautioned to follow the instructions on the label of the insecticide container.

Rosette, a zinc deficiency of pecans, is common in Medina County. This can be easily corrected by adding zinc Sulfate at a rate of 3% to the spray mixture, says Bragg.

Additional information on pecan spraying is available in the County Extension office.
